BAD MAN'S STILL HUNT.

A CHINAMAN AND SIX-SHOOTER
"CAUGHT IN THE ACT."

Just What That Was Does not Ap-
pear Except That He Had a Gun
and a Bad Reputation—Was Ac-
cused of Meditating the Removal
of Two Countrymen.

[BY DIRECT WIRE TO THE TIMES.]
EL PASO, Sept. 22.—[Exclusive Dis-
patch.] The police tonight made what
they consider an important arrest. A
Chinaman, armed with a six-shooter,
was captured in Chinatown while on a
still hunt for two other Celestials whom
he is said to have followed from San
Francisco.

The arrest was brought about by one
of his countrymen, who hunted up a
policeman and told him that a high-
binder was in town, and was about to
assassinate two Chinamen who had
been placed under the ban. The officer
hastened to the spot indicated by the
Celestial, and had but little diffi-
culty in identifying the highbinder.
The Chinaman, who informed against
the highbinder, disappeared as soon as
he had notified the officers, and was not
seen again until the prisoner had been
disarmed and locked up. He then
brought the officers not to inform the
prisoner who had betrayed him, and
declared he would not be a prosecuting
witness for \$5000.

Map Jim is the name of the man
under arrest. His countrymen assert
that he assassinated a Chinaman and
Chinese woman at San Francisco sev-
eral years ago, and came here a month
ago from that city to kill two Chinese

who had failed to settle with the syn-
dicate which smuggled them into this
country.
The police can only punish the pris-
oner for carrying concealed weapons,
but will wire to San Francisco to learn
if Map Jim is wanted there for murder.

Passed Through the Hurricane.
NEW YORK, Sept. 22.—The Prince
line steamer Eastern Prince, which ar-
rived today from Brazilian ports, en-
countered the hurricane which de-
vasted St. Vincent and other West In-
dian islands on September 10. The
Eastern Prince was then off Barbados.
The hurricane blew with terrific fury
for nearly three days, its center pass-
ing south of Barbados and moving
northwest by west. The hurricane at
St. Lucia, although quite severe, did
not cause any great amount of damage
or loss of life. One or two landside
took place, several houses were blown
down, and a few persons were reported
killed.

Will Reinforce Marchand.
PARIS, Sept. 22.—The Journal says
the government has decided upon the
immediate dispatch of a company of
Senegalese sharpshooters and a detach-
ment of artillery to reinforce Maj.
Marchand, the French explorer, who is
reported to have occupied Fashoda, on
the Nile, about 400 miles above Khartoum.

Later in the day an official denial
was issued of the statement published
in the Journal that the government in-
tends to send reinforcements to Maj.
Marchand.
Cushmanberry's Soft Spot.
COLORADO SPRINGS (Colo.) Sept.
22.—Charles Cushmanberry, colored, today
shot and killed his wife and then com-
mitted suicide. The dead man and
woman leave three sons and two daugh-
ters. Jealousy was the cause of the
crime.

Autonomists Complicate Labors

Incidental Issues Raised by Them

President McKinley's Administration
Will Listen to Nothing but Evacua-
tion—The Latter Will Be a
Most Tedious Proceeding.

[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Sept. 22.—Official
dispatches received by one of the em-
bassies here from Havana confirm the
reports that the colonial government of
the island is taking a hand in shaping
the terms on which the evacuation shall
be executed. This, it is believed here,
may develop some new phases in the
situation in Cuba.

The colonial government was estab-
lished by Spain shortly before the war
broke out, there being a cabinet of
five officers at Havana, and a legisla-
tive body with two houses. It car-
ried out in a measure the long-pending
plan of giving Cuba home rule by
means of an autonomous government,
but while in name autonomous, it was
contended by the insurgent element
that genuine home rule was lacking,
and that this colonial régime was a
continuance of Spanish domination.

It appears, however, that these
colonial authorities are taking a very
active part in the present negotiations,
and that there is more or less co-
operation between them and the Span-
ish government. This creates a condi-
tion in which the United States must
deal not only with Spain, but with
those who claim to represent the
island itself, free from Spanish con-
trol. The colonial or autonomist ad-
ministration is very thoroughly organ-
ized, and can exert much influence.
It established a regular legation in
Washington prior to the war, with sev-
eral prominent public men of Havana
on the staff. It numbers in its ranks
much of the wealth of Cuba, and claims
to stand for the educated classes as
against the insurgents and illiterates.

It now seems clear from the official,
as well as from the press reports from
Havana and Madrid, that the autonomist
element is taking up the claim
first advanced by Spain that many in-
cidental questions as to Cuba must be
settled before the evacuation begins.
But the view among government offi-
cials here is that the Cuban autonom-
ists, as well as the Spaniards, have
no questions to advance or settle be-
fore evacuation is determined upon.

The time and place of evacuation is
looked upon by the authorities here as
the only point involved, and there is
likely to be a rude awakening if the
pro-Spanish element, either as autonom-
ists or as native Spaniards, insist
upon bringing in the determination of
the Cuban future forms of govern-
ment, rates of tariff for Spain, and
many other subjects as a preliminary
to evacuation. The American commis-
sioners, according to the understand-
ing here, will insist on a strict ad-
herence to the protocol for an evacua-
tion of the island, and, if need be, will
submit an ultimatum against taking
up subsidiary questions of Cuba's fu-
ture.

While the Cuban colonial government is
thus combining with the Spanish
government in bringing forward these
incidental questions, yet the opinion
was expressed today by a high diplo-
matic officer, based on recent advices
from Havana, that a serious issue
would be averted, and that the actual
evacuation of the Spanish troops from
Cuba would begin within the next
month. But it appears that the evacua-
tion will cover a much longer time
than has been anticipated. There are
some 100,000 Spanish troops in the
island. Allowing 1000 men on a trans-
port, and a vessel leaving every day,
it would take 100 days, or over three
months, for the evacuation. But the
vessels are not available for a trip
every day for 100 consecutive days, so
that the time for departure would
probably far exceed three months.

LEAVING PORTO RICO.
[ASSOCIATED PRESS DAY REPORT.]
WASHINGTON, Sept. 22.—The Act-
ing Secretary of War has received a
cable message from Gen. Brooke, chair-
man of the Porto Rican Evacuation
Committee at San Juan, saying that
800 Spanish troops will be embarked
for home today.

WEEPING THEY WENT.
[ASSOCIATED PRESS DAY REPORT.]
SAN JUAN, (Porto Rico), Sept. 21.—
(Delayed in transmission.) The Span-
ish transport San Francisco sailed for
Spain today. There was a repetition
of yesterday's scene when the Asturias
Battalion of Spanish troops marched
to the wharf for embarkation. Capt.
Gen. Macías and his staff reviewed the
departing soldiers, who bade a farewell
to their sweethearts and wives. Some
of the soldiers wept profusely, and
there was quite a pathetic aspect to the
affair. As the ship swung away from
the pier, the soldiers on board of her

HE'S GOING TO BUST OUT AGAIN.

For he says he can't hold in much longer.

raised a faint cheer and the women
proceeded to the seawall, where they
stood for hours waving their handker-
chiefs until the San Francisco was
only a speck on the horizon.

The Spaniards, at the meetings of
the military commissioners, are raising
many questions regarding the civil ad-
ministration of the island, and the
disposition of public property, but the
American commissioners refuse to dis-
cuss them as being beyond their juris-
diction. Our commissioners are dis-
posed to allow the Spaniards to carry
off a lot of useless old material rather
than to make a fight to retain it. The
United States steamer supply is here
bound for Santiago.

INDUSTRIES AT STAKE.

COMMISSIONERS AT QUEBEC ARE
BEING BESIEGED.

American Deputations Urging That
No Ironclad Treaty Be Entered
Into—The Farmers of the Coun-
try Strongly Protest.

[ASSOCIATED PRESS NIGHT REPORT.]
QUEBEC, Sept. 22.—The people of
the United States are evidently begin-
ning to awaken to the great impor-
tance of the results which may come
from the work of the international high
commission, now in session in this
city.

It has become known that the
Canadian representatives are urging
that the treaty embodying commercial
reciprocity be made, which treaty, it
is held, would seriously effect nearly
all the great industries of the United
States. These industries are now
being heard from in a very emphatic
way. During the past twenty-four
hours the American commissioners
have been besieged by deputations of
Americans, praying that no ironclad
treaty be entered into which would dis-
turb, if not in many instances destroy,
the present protective tariff laws of
the United States.

Today the farmers of the United
States put in their protest, and it was
a very strong one. They were repre-
sented by Aaron Jones of Indiana,
worthy master of the National
Grange; and N. K. Bachelder of New
Hampshire, chairman of the National
Executive Committee. They were
given a full hearing, and will have an-
other audience before the commis-
sioners act.

Following Jones came another
earnest protest from Albert Clark,
president of the Home Market Club
of Boston. He said the organization
he spoke for had upwards of 2000 men,
mostly manufacturers, and represented
a total capital interest of \$700,000,000.
He opposed commercial reciprocity. He
said that between two countries hav-
ing the same products for exchange,
reciprocity was never successful. If
Canada and the United States each
had something the other did not have,
it would be a different proposition.
Col. Aldace Walker, formerly of the

Interstate Commerce Commission, but
now chairman of the Board of Direc-
tors of the Atchison, Topeka and Santa
Fe Railroad, spoke concerning the
traffic bonding system. He believed
the Canadian railroads should be sub-
ject to the interstate commerce laws,
and, in case of violation, American
traffic over the lines should be sus-
pended instead of imposing a fine, as
is done in case of violation on the part
of American roads.

Hon. C. S. Hamlin of the Boston
Merchants' Association opposed Col.
Walker's scheme. He insisted that the
present bonding system by which
United States products were carried
over the Canadian roads from one
point to another in the United States
without duty was entirely equitable
and satisfactory. He desired no
change from present conditions.

Another protest came from Congress-
man J. W. Tawney of Minnesota in
behalf of the lumbermen of the United
States. He presented to the American
commission a printed memorial signed
by 250 of the principal lumber firms in
twenty-one States, protesting against
the reduction of duty on Canadian lum-
ber.

GREAT GUNS.

The Carnegie Company to
Rival Krupp.

Mammoth Establishment Will Be
Erected at Homestead.

New Invention in the Way of
Big Cannon.

Revolution in the Matter of Modern
Armament Foreshadowed—Ship-
building Works to Be Created,
An Independent Railroad.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, Sept. 22.—[Exclusive
Dispatch.] The Sun's special from
McKeesport, Pa., says plans are now
being prepared by the Carnegie Steel
Company for a gun foundry to rival
that of Krupp, the great German
builder. The plant will be located at
Homestead, within half a mile of the
Homestead Armory Mills. It will em-
ploy over two thousand men. In ad-
dition to this, the steel company is
preparing to go into the shipbuilding
business.

A railroad to strike tidewater at
Newport News or Norfolk, Va., is now
under way. Thirty-five acres, half
a mile below the armor-plate plant,
have been purchased for the site of a
gun factory and shipyard. The land
fronts 1600 feet on the Monongahela
River, and has an average depth of
about thirteen hundred feet. Three
lines of railroads run through it.

The plans for the foundry now be-
ing prepared are for four immense
buildings. One of these will be used
as casting-hall. Built-up guns made
of thin strips of metal and built by a
process known only to the Carnegies
will be the chief article of manufac-
ture. It is claimed that this gun will
revolutionize modern armament.

Great machine shops will occupy the
other buildings. The shipyards are to
be located immediately below the gun-
works. Steel ways will be built into
the river, and several great buildings
will be erected for the construction of
vessels. It is intended to build river
craft of all kinds, lighters and small
ocean-going vessels. The independent
line now being built to tidewater
will, it is claimed, make the Carnegie
company independent of railroad com-
panies. At present it pays millions of
dollars a year for freight.

IMPORTANT TESTS.

WASHINGTON, Sept. 22.—An im-
portant and interesting test of armor
plate manufactured by the Carnegie
Company was made today at the In-
dian Head proving grounds.

Two distinct tests were made, one of
a 12-inch Krupp plate, representing a
group of armor intended for this gov-
ernment, and the second of a 6-inch
plate treated by what is known as the
Harvey process, representing armor in-
tended for the Russian government. The
tests were thoroughly satisfactory.
In the opinion of the naval experts the
6-inch plate tested several weeks ago
and the 12-inch plate tested today
practically establish the superiority of
the Krupp process over any other, and
prove the superiority of the plates
tested over any plate yet tested abroad.

SCOTTISH RITE MASONS.

Supreme Lodge Adjourns to Meet
Next in Philadelphia.

[ASSOCIATED PRESS DAY REPORT.]

CINCINNATI, Sept. 22.—The Su-
preme Lodge of Scottish Rite Masons
adjourned this afternoon, to meet in
Philadelphia the third week in Septem-
ber, 1898. The report of the Financial
Committee was adopted.
Col. Enoch T. Carson, who has been
a Scottish Rite Mason for over fifty
years, is in such poor health that he
has been unable to participate this
year, as much as formerly. He came to
the Cathedral today before the council
closed, and was given a most enthusi-
astic ovation. The members and their
ladies were entertained during the aft-
ernoon by Congressman and Mrs.
Bromwell.

FIGHT IT OUT.

The Miners Will Carry Their Plans
to the Philadelphia Exposition.

[ASSOCIATED PRESS DAY REPORT.]

MONONGAHELA CITY (Pa.) Sept.
22.—Having scored a victory in the
third pool, the miners will now turn
their attention to the mines in the
fourth pool, where the Chicago agree-
ment has been violated. The contest
will be opened in a few days, and the
officials say it will be waged vigorously
until every operator is paying the dis-
trict rate.

Three mines in the third pool are
still idle, the employer, Capt. S. S.
Brown, not having signed the willing-
ness to comply with the Chicago agree-
ment. The fight will be continued at
the mines until the strikers are suc-
cessful.

TURN ON THE LIGHT.

REPUBLICANS DO NOT FEAR A WAR INVESTIGATION.

Congressman Overstreet of Indiana Sums Up the Situation in Sensible Language.

PRESIDENT DESIRES INQUIRY.

FACTS CAN CUT NO FIGURE IN A POLITICAL CAMPAIGN.

Gen. King and Detachments Ordered to Manila from Honolulu—Four Deaths at Ponce—Alger at Chickamauga.

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, Sept. 22.—[Exclusive Dispatch.] Congressman Overstreet, who is a member of the Republican Congressional Committee, today made this statement regarding the war investigation:

"There is no foundation for the talk that Republicans are likely to be embarrassed by the developments of the military investigation committee. We are far from wishing to avoid investigation. There is no reason why we should hesitate to have the blame fixed where it belongs. It will cut no figure in the political campaign of the Republican party. The great fact stands out plainly and cannot be detracted from that the Republican Congress made adequate provision for conducting the war."

"Money and supplies were voted without stint, and the majority in power stood ready to provide all that was necessary. The great fact stands out plainly and cannot be detracted from that the Republican Congress made adequate provision for conducting the war."

"Now, if in the course of events, there were cases of incompetency among individual officers and commanders, dishonesty, even, which we should assume that the gulf is to be laid at the door of the Republican party or administration? But there is no reason why there should be hesitation in hunting down incompetencies or in fixing upon the guilty the blame for their incompetency or dishonesty; and when they are discovered, the Republican party will not be saddled with the responsibility for their misdeeds."

"Let the investigation come; let it be thorough and searching. I know that is what the President wants, and what every Republican wants."

MEN FROM GUANTANAMO.

WASHINGTON, Sept. 22.—The President today reviewed from the portico of the White House a detachment of 200 members of the Marine Corps which, after a long and arduous voyage, arrived at the Executive Mansion, headed by the Marine Band.

LAWTON'S REPORT.

WASHINGTON, Sept. 22.—Gen. Lawton tonight reported to the War Department that 114 new cases of sickness and 2 deaths today among the American troops at Santiago. His dispatch follows:

"Sick, 1029; fever, 74; new cases, 114; returned to duty, 33; deaths, 2."

FOUR DEATHS AT PONCE.

WASHINGTON, Sept. 22.—The Adjutant-general of the army has received a cable message from Maj. Gen. Brooke dated at Ponce, September 21, announcing four deaths yesterday as follows:

Private E. H. FARRELL, Co. E, Eleventh Infantry, typhoid.

Private RALPH POLK, Co. N, Fifth Infantry, typhoid.

Corporal BERNARD BOYNE and Private MORRIS, both of the Eleventh Infantry, killed by lightning.

KING TO GO.

Troops at Honolulu to Be Forwarded to Manila.

WASHINGTON, Sept. 22.—Gen. M. C. Miller, in command of the Presidio troops, is to be sent to Manila, Philippines some time next month, probably in the Indiana. Instructions to that effect were received by Gen. Merritt today.

Gen. Merritt was also informed by the War Department that the steamer China would not be used as a transport to carry additional troops to Manila because the government has agreed to return her to the Pacific Mail Company. On this account the steamer Senator and Indiana will probably be the first transports to take more troops from here to the Pacific Mail Company.

A dispatch was received at army headquarters this afternoon ordering Gen. King and detachments now at Honolulu to be sent here to Honolulu to provide for the troops on the Arizona.

GOING EAST IMMEDIATELY.

WASHINGTON, Sept. 22.—Gen. F. V. Greene, who arrived in San Francisco today from Manila, informs the War Department that he expects to come east immediately, arriving in Washington next Tuesday.

BACK FROM MANILA.

Steamer China Brings Gen. Greene and Others.

WASHINGTON, Sept. 22.—Among the passengers on the steamer China today were Brig. Gen. John F. Smith, Brown and Nyles of Battery G, Third Artillery; McCann, Eighteenth Infantry; Russell and Whitehead, Fourteenth Infantry; and Ulbricht of the Montana Volunteers. Ulbricht returned on account of disability, while all the other men came back because of the expiration of their terms of service.

Among the passengers were Philip Aronoff and José Lopez, who are going to Washington as representatives of the United States to the peace conference at Manila, but started from Hongkong, where he has been for some time. He says that he is not familiar with the conditions existing at Manila, except what he has been told by Aguinaldo. He declines to make public what Aguinaldo wants or expects, but states that the insurgents generally look for

ultimate independence. After a short stay at Washington, the two men will proceed to Paris to attend the meeting of the Peace Commission.

Other passengers on the ship were Brig. Gen. Greene and staff, Adj. Gen. Babcock, Capt. Hethers, assistant surgeon First California Volunteers; Murrie, Halstead and John Fay, a Chicago newspaper man.

Gen. Greene says that he was not recalled for any particular reason, but he knows of his recall. He received his orders to return to Manila the same day that Gen. Merritt received orders to proceed to Paris by way of San Francisco.

With reference to the report that he was recalled owing to his action in conducting an illegal court-martial at Ponce, Gen. Greene says that he is not in the story that he had trouble with Gen. Merritt. On the contrary, he says they are the best of friends.

Gen. Greene expressed the opinion that there would be no trouble with Aguinaldo, but he declined to go into details. The health conditions at Manila are improving, but it is extremely difficult to prevent disease from spreading among the American soldiers.

Gen. Greene says that the Spaniards have been ordered to leave the buildings and left the germs of disease behind them.

WILDMAN'S PROMISES.

WASHINGTON, Sept. 22.—A passenger on the China disclosed some further information regarding the reported agreement between Wildman and the insurgents.

Gen. Wildman promised Gen. Aguinaldo that the American forces would combine with the insurgents for the purpose of driving the Spaniards out of the island, and that in return, the Spaniards would be allowed to remain in the island, and I think that the insurgents understood that the Americans were there to aid them to gain their independence, and cast off the yoke of Spain."

Aguinaldo lived in the same residence with Consul Wildman for almost two years, and during that time he had some complication in the matter of Consul Wildman's promises, which were probably misunderstood by the insurgents. It is also obvious that the native general's commissioners are bent on a mission to argue independence for the group.

Speaking of the conduct of the soldiers during the battles, Gen. Greene said that the volunteers fought and behaved very bravely, and he was proud of them. After the first onslaught, the men were as cool as could be, and prepared for anything. The conduct of the Americans was particularly deadly at all times, Gen. Greene left for Washington tonight.

Robert W. Galt, chief engineer of the steamer China, who has been in the line of duty since the outbreak of sickness, and will report at Manila next day.

Capt. Asst.-Surgeon, Retired, of the First California Regiment returned on a thirty-days' leave of absence, pending his resignation.

A transport steamer left for San Francisco today, before the China sailed for Manila, but the latter did not sight her at sea. The Indiana was being prepared to leave for Manila for the purpose of bringing home a number of sick and wounded men of the American regiments.

INSPECTED CHICKAMAUGA.

Alger Subsequently Comments on Hospital Conditions.

CHATTANOOGA (Tenn.), Sept. 22.—Secretary of War, Algernon S. B. Sternberg, and party have made a thorough inspection of Chickamauga today. The party left the city in their special car at 8:15 o'clock this morning, and since have been busily engaged going from place to place over the battlefield.

The first place visited was the Letter Hospital, where about an hour was spent. From Letter Hospital the party went to Sternberg Hospital, where another hour was spent. In both hospitals, Gen. Alger and Gen. Sternberg spoke cheering words to each and every one of the patients, and shook hands with every nurse. One remark the Secretary repeated was: "I honor you, brave boys, as much as I do any private in the army."

At 11 o'clock the visitors got to Lytle. There they were met by the entire Sixth Regiment, U.S.V. The general reviewed the regiment and dressed parade and highly complimented them. A salute of fifteen guns was fired in his honor.

At noon the general returned to his car, where he spent some time looking after accumulated correspondence and receiving cables. The party then returned to the city at 3:30 o'clock. After a banquet at the Reed House tonight, the visitors will leave at 10 o'clock for Huntsville.

During the day Gen. Alger was asked to express himself on the conditions which have prevailed at the army hospitals. He said that he was very pleased, and I would observe what ever, without being asked, that the present condition of the hospitals is far better than he expected, and practically all that he could desire.

THE "HARVARD MASSACRE." WASHINGTON, Sept. 22.—Lieut.-Col. Dudley of the Judge-Advocate-General's Department has returned to Washington, and is now engaged in the preparation of a report on the conditions under which Spanish prisoners on the Harvard were killed. It is believed that Col. Dudley has already completed his report, and will make clear the fact that the firing upon the Spaniards was a necessary and justifiable action.

CAMP MEADE. WASHINGTON, Sept. 22.—There was one death here today from typhoid fever. There is no verification of the report that barracks are to be erected here for winter quarters. The soldiers are to be sent to Cuba and Porto Rico as soon as the climatic conditions will allow.

ALGER'S PLEA. Says People Don't Know About His Job.

CHATTANOOGA (Tenn.), Sept. 22.—Before leaving here, Gen. Alger said to reporters:

"The press has been disposed to exaggerate the condition of some of the camps, and things have been charged against the War Department which were untrue and unwarranted. I want to set the facts to come out, and have nothing to withhold from the public."

"The great trouble has been that the people have not appreciated the immense problem of forming an army of 250,000 volunteers without arms and without necessary equipments. The Spanish war came on us almost like a bolt from a clear sky, and it found every branch of the War Department unprepared for the task of equipping and handling such a vast number of untrained men. For a time there was difficulty in furnishing supplies and clothing the troops, but that was to be expected. The department had only a limited supply of tents, and had practically no wagons or ambulances to start with. There were a thousand and more details to look after, and a fairly-disposed public will understand the disadvantages with which the War Department worked for many weeks. As fast as possible supplies and equipments were sent to the hospitals, and if there had been lack of medicines and necessities of life, the fault is with commanding officers of the camps."

"There may have been some incompetent officers, generals and colonels, in charge of some of the camps, and if such is found to be the case, they will be held strictly to account for their misdeeds. If there are any commanding officers who are now incompetent or who fail to put their camps in first-class condition and keep them that way, I propose that they shall be replaced by men who are competent, and who will see that perfect sanitary conditions are established and maintained."

GRAND JURY INVESTIGATION. [ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, Sept. 22.—The grand jury met this afternoon and considered the case of the wreck of the houseboat, the conduct of the war, and a mob of Tennessee soldiers. Indictments may be found against some of the riotous volunteers.

YELLOW FEVER CASE FOUND.

[ASSOCIATED PRESS DAY REPORT.] JACKSON, (Miss.), Sept. 22.—The Board of Health officials announced this morning that one case of yellow fever had appeared in the detention camp. The patient is a white woman, Clara Reese, who lived just across the street from the building where the yellow fever died. She has been isolated, and under close surveillance for forty-eight hours, and the case is diagnosed as a very bad one. The detention camp now contains thirty patients, and has been exposed, and is surrounded by six guards. The cordon was doubled immediately after the announcement of the case, and there is little danger of a spread.

TWO DEATHS AT PONCE.

WASHINGTON, Sept. 22.—The War Department has been informed of the death of James F. Gamble, Co. A, Third Wisconsin, and John E. Riley, Co. E, Sixth Massachusetts, at Ponce, Porto Rico.

JACKSON COULDN'T SERVE.

NASHVILLE, (Tenn.), Sept. 22.—Gen. Jackson today sent a telegram to President McKinley, thanking him for the tender of a position on the commission to investigate the conduct of the war, and expressing regret that pressing private business compels him to decline the honor.

MISSOURIANS WOULD QUIT.

WASHINGTON, Sept. 22.—Representative Cochran of Missouri was at the War Department today with a very large petition asking for the mustering out of the Fourth Missouri, now at Camp Meade. The petition contained the names of about 90 per cent. of the men of the regiment.

MILES'S REORGANIZATION PLAN.

WASHINGTON, Sept. 22.—Maj.-Gen. Miles, commanding the army, has completed his plan for the reorganization of the volunteer forces into corps, divisions and brigades. The plan contemplates a reorganization of the volunteer force which has not been submitted to the War Department for approval. The plan contemplates a reorganization of the volunteer force which has not been submitted to the War Department for approval.

at Santiago. The men had coffee, bread and meat. Sometimes they had to pound the coffee in the bag, but you all did that. Some of the men complained that they were not allowed to spit of that, and fought like heroes when called on. A large number of men died.

"There could not be put up because the men were in the trenches, and tents could not be pitched upon the firing line. We stayed longer than we expected after the surrender, but had to stay; the honor of the government demanded it, and we stayed. Five hundred men came down every day with sickness, and some days 800. But we had brought the war to a close. The capture of the fleet prevented fresh troops from being brought over, but it did not stop the war. The surrender of Toral's army did stop it."

"I don't say we should not have ended the war, and end it quickly. There was less loss of life by 100 per cent. than any similar invasion. Napoleon expected after they were driven out of the country, and he was right. The remainder of his army of 25,000 men, engaged sent to the country in the war of the Revolution, 17,000, laid their hands down to the sword, and the country, against which they fought. Our campaign would have been light-forgotten, if it had been long."

UNHAPPY BLANCO.

He Has Many Troubles With Military Governors.

[A. P. EARLY MORNING REPORT.] HAVANA, Sept. 22.—[By West Indian Cable.] A serious quarrel took place last night at the door of the university between Prof. Lescanano, a Cuban, and Lieut.-Col. Benito of the Spanish army, who killed the young Cuban general, Aranguren. The excuse for the quarrel was a dispute as to which of the young men should get off the sidewalk in order to allow the other to pass, the Havana sidewalk only allowing one pedestrian to pass at a time. The professor and the lieutenant were separated by friends and passers-by.

It is understood that there has been some political color, as they always occur between Spaniards and Cubans. The quarrel was a disturbance of a like nature are frequent in the suburbs. At midday on Sunday last, while a game of monte was being played in a public place, a soldier burst into the room with drawn sword, putting the terrified players to flight. The soldier was hotly pursued by the sentries on guard, who exchanged several shots with him, but failed to capture the offender.

The insurgent chief, Eduardo Garcia, with 500 men, pitched his camp on Sunday morning at the foot of the mountain of Matanzas, within the limits of the zone designated by the Spanish government. Gen. Molina, the Spanish chief of the zone, sent a note to Garcia informing him he was inside the limits, and would be expected to move his camp. The insurgent chief, however, considered he was not infringing upon the provisions of the armistice, and would remain where he was.

Garcia replied that he meant to stay where he was, and only could be moved by force. A clash appeared imminent. Gen. Molina, however, decided to advise Gen. Garcia to avoid a clash, and the Cubans continue to remain in their previous position.

Groups in the city report great distress there. The streets are deserted, and no attention is being given by the city authorities.

Yesterday the Cuban flag was hoisted over the Trocha Hotel. Gen. Arolas, the military governor, went to the palace at noon and protested against the action, the action, saying that as military governor, he would issue an order forbidding the stars and stripes today. Capt. Gen. Blanco, however, refused to obey the order, and the Cuban flag was hoisted over the Trocha Hotel.

Gen. Blanco has issued an order authorizing the Cuban army to travel unarmed on railway trains in the provinces of Pinar del Rio, Matanzas, and Ciego de Avila, throughout the island, and to make a petition to the planters requesting relief, which, while not an obligatory act, is a recommendation. The Cuban army is to be sent to the planters requesting relief, which, while not an obligatory act, is a recommendation.

On Sunday evening last, Juan Villages, the pastry cook, with several other members of the crew of the Spanish steamer, the Reina Victoria, were taken to the Cuban army to travel unarmed on railway trains in the provinces of Pinar del Rio, Matanzas, and Ciego de Avila, throughout the island, and to make a petition to the planters requesting relief, which, while not an obligatory act, is a recommendation.

FAMINE AND DEWEY.

TWO FOES THAT STARED IN AUGUST'S FACE.

Former Captain-General of the Philippines Tells His Tale of Woe at Manila.

WAS IN AN AWFUL STEW.

AS SOON AS HE COULD, HE PULLED OUT OF IT.

Government Newspapers Claim That Spain Has a Right to the Retention of the Islands. Cervera's Coolness.

[ASSOCIATED PRESS NIGHT REPORT.] MADRID, Sept. 22.—[By Atlantic Cable.] Gen. Augusti, the former captain-general of the Philippine Islands, who has just arrived at Vittoria, Spain, from Manila, in an interview is quoted as discussing the Philippine question in an interesting manner. He is alleged to have said: "Before I left Spain, I knew the situation in the Philippines was grave. Señor Moret remarked to me that if war with the United States broke out there would be a terrible state of things."

Continuing, Gen. Augusti described Admiral Montojo's fleet as "some old wooden ships," and said they "came to Manila practically pursued by Dewey." He then said: "Our batteries fired at the Americans, but our guns were mounted on false plates, and after the first shots they became useless. At daybreak we were in the power of the Americans, and an hour afterward the Spanish fleet had ceased to exist. Dewey summoned me to surrender. I refused, and he threatened to raze the town. I replied: 'Raze it, but so long as I live the Spanish flag will float on the ruins of Manila.'"

"Then began the terrible time of the siege and the anguish of the blockade. Famine started us in the face, and the meantime hostilities were conducted throughout the provinces, but save in isolated cases, humanely. Dewey repeated his summons to surrender, and I again refused. Dewey then bombarded the town, and Manila surrendered. But, considering my presence not necessary, I asked the government for permission to go home, as my position there had become by no means easy. I think I have done my duty as a soldier and a Spaniard."

The ministerial newspapers protest against the supposition that the United States will keep the Philippine Islands. They maintain that Spain's rights to these islands are incontestable; that she is "resolved to defend her rights with the greatest energy."

The government and papers also contend that the demands of the peace protocol confirm Spain's right to the island of Luzon and the rest of the Philippine Islands, and they declare that if the United States bases its claim on humanity and civilization, Spain will prove that there is no higher civilization in any colonies than in the Spanish colonies in Asia.

AWAITING A PURCHASER.

AGUINALDO ET AL ARE IN THE MARKET FOR SALE.

One of the Gift-plated General's Lieutenants Says the Americans Have Already Snapped Him Up. Gen. Merritt Denies It—Gen. H. G. Otis Arrives.

[ASSOCIATED PRESS DAY REPORT.] MANILA (P. I.), Aug. 30.—[Correspondence of the Associated Press, wired from San Francisco, Sept. 22.]—From an American point of view, the situation here today is simply one of expectancy, the authorities awaiting instructions from Washington, and their subordinates hoping for relief from their onerous duties and a speedy return to their homes. The Spaniards, firm in the belief that Manila was surrendered after a peace agreement had been commenced, swarmed about the city with an air of confidence that it will soon be restored to them. The Filipinos, with characteristic nonchalance, are making hay while the sun shines, relieving their American friends of their hard-earned cash by every conceivable means, and wondering how much longer their good fortune will continue.

What the insurrectionists under Aguinaldo think of the situation no one seems to know. They are on the outside and not seriously considered as a factor at this stage of the game by either side, apparently. At the same time, a measure of caution, they are not allowed to carry arms in the city, although no restriction is placed upon them. While all the banks have been open for business for several days, and most of the stores are open, there are still many prominent merchants who have not yet resumed operations, apparently hesitating until the future of the city and islands has been definitely determined. The herculean task of restoring order from the chaos, due to the shiftlessness of the Spaniards, is slowly but surely being accomplished by the American officers detailed to undertake it. The brunt of the dirty work is borne by Brig.-Gen. MacArthur, whose duties as military commander and provost-marshal-general of Manila are as multitudinous and far-reaching as those of the ubiquitous Soko of the Mikado.

The appointment of Col. J. S. Smith of the First California and S. Overhine, Third United States Volunteers, as his deputy provost-marshal for the districts north and south of the Pasig River, relieves him very materially of outside work; but still leaves him work enough for a dozen men in the city proper.

Brig.-Gen. F. V. Greene, who has charge of all fiscal affairs of the local government, and Lieut.-Col. C. A. Whittier, the collector of customs, have their hands full, but Brig.-Gen. Anderson, who has been assigned to the district of Cavite, seems to have been shelled.

Despite the lack of any definite knowledge of the future of the Philippine business, business has decidedly brisk in Manila at present, and there is every indication of the approach of a boom. The fact that everything has been practically tied up for the past three months necessarily occasions an immense amount of extra work, now that the embargo has been removed, but apart from this, the advent of the American administration and the prospect of its being prolonged indefinitely, have lent an impetus to

trade, which nothing else could have given it. One of the first official acts of the new administration was to clear the channel at the mouth of the River Pasig of the obstructions placed there by the Spaniards, thereby reopening the port of Manila for commerce. Immediately after this had been done, the fleet of the inter-island steamers, which, by an arrangement with Admiral Dewey, had been anchored out in the harbor and used as refugee ships by the various consulates, returned to the berths at the river quay, and after discharging their passengers, proceeded to refit for their former occupations, pending the decision of the prize court as to their ultimate fate. This has caused an enormous amount of traffic along the water front, and both the customhouse and captains of the port offices have been deluged for the past ten days.

In accordance with the requirements of international law, no change has as yet been made in the customs regulations, hence the tariff in force before the war is still maintained, and the coffers of the treasury are being replenished very materially. It was naturally expected that, under the new régime, the import duties would be considerably reduced, and many merchants held their plans accordingly, but, in spite of exorbitant duties the demand so far exceeds the supply that the merchants are only too glad to get their goods through as fast as they arrive. Several Americans have already announced their intention of embarking in business here, and an American newspaper is among the possibilities in the near future.

The reopening of the cable to Hongking and the resumption of traffic along the inter-island telegraph lines has placed the merchants once more in direct communication with the agents, but up to the present little news has been received, the small force employed in the local office having been inadequate to handle the volume of outgoing messages filed every day. It was, however, learned today that Señor Don Diego de los Rios y Nicolau, the Provincial Governor of Iloilo, has issued a proclamation declaring himself Governor-General of the islands, in accordance with instructions from his government, and that the seat of the Spanish government had been established at Iloilo.

Aguinaldo has informed Gov.-Gen. Merritt that in the event of the United States holding the Philippines permanently, or at least formally declaring a protectorate over it, his followers would lay down their arms; but until that time, it would not be safe for him to do so. While all this is very plausible, it is the consensus of opinion among the English-speaking merchants and residents here that the rebels, and especially Emilio Aguinaldo, are only holding out in order to be bought off. The fact that one of Aguinaldo's lieutenants is authority for the statement that an agreement had been made with the American officials by the terms of which Aguinaldo was to be made Governor of a province and each of his officers to be given minor positions, provided his troops lay down their arms, would tend to show that this opinion has some basis, particularly when Gen. Merritt, upon learning of this statement, said emphatically: "No agreement whatever has been made with Aguinaldo upon any subject."

The departure of Gov.-Gen. Merritt and his staff for Paris effectually disposes of further negotiations with the insurrectionists for the present, whatever inducements may have been held out to them secretly, for it is hardly to be supposed that so delicate a duty would be delegated by Merritt to his deputy.

It is significant that coincident with the departure of Maj.-Gen. Merritt for Paris, the rebels should have spread the report that three of Aguinaldo's trusted lieutenants have already left for Washington, with the avowed intention of reaching the American capital ahead of Brig.-Gen. Greene, who is scheduled to leave today on board the China.

It is certain the insurrectionists held secret meetings in various parts of the city yesterday, for the purpose of determining their future plan of campaign, and that the result of their deliberations was carefully withheld from publication.

The ecclesiastical party has apparently concluded to accept the inevitable with the best grace possible under the circumstances. At any rate, neither the archbishop nor any of his satellites has made the slightest attempt to interfere with the policy adopted by the new administration so far, and unless all signs fail, no such attempt will be made.

The transport Peru and City of Pueblo, with Maj.-Gen. E. S. Otis and Brig.-Gen. Hughes from San Francisco, arrived here August 21. The trip from Honolulu was made in sixteen days, the fastest as yet made by one of the expeditions.

Six cases of measles and two of typhoid fever developed among the soldiers aboard the Peru, after leaving Honolulu. There were thirty cases of measles on the Pueblo. All the sick were removed immediately to the hospital established at Cavite. The transports Pennsylvania and Rio de Janeiro, with Brig.-Gen. H. G. Otis in command, arrived August 24. Both the Montana and South Dakota regiments were encamped at Cavite, under the command of Gen. Anderson. The recruits of the Thirtieth Minnesota and the First California regiments will join their regiments. There were no casualties on the voyage, and they were well on board both transports.

CAVITE COURT-MARTIAL. [ASSOCIATED PRESS DAY REPORT.] CAVITE (P. I.), Aug. 30.—[Correspondence of the Associated Press, wired from San Francisco, Sept. 22.] Gen. Anderson appointed on August 20 a board of three officers, with Capt. Bridgman, Sixth United States Artillery, as chairman, to investigate the recent shooting at Cavite. Their report has since been rendered unfavorable to the conduct of the Utah soldiers. All the officers are outspoken in blaming our soldiers for the shooting.

The four insurgent soldiers implicated in the shooting were court-martialed by an insurgent board of officers yesterday at Cavite. Three were acquitted on the ground of self-defense, and one was found guilty and will be sentenced to be shot upon the proceedings of the court being approved by Gen. Aguinaldo. An invitation was extended to Gen. Anderson and the other officers stationed at Cavite to be present at the trial of the prisoners. Gen. Anderson will not attend, as the man he shot, as he places the blame upon the Utah soldiers.

Gen. Merritt has requested Gen. Dins, who is in command of the insurgent general at Cavite, to withdraw all of his troops from Cavite. He has replied asking time to consult with Gen. Aguinaldo.

particular the customs regulations now in force in the Philippines. Hitherto an export tax has been levied on all goods shipped from the island to foreign ports, and since the United States took possession of Manila, a customs duty has been charged upon all goods shipped to Manila from a port in the Philippines not in the possession of the United States. Hence merchandise shipped from an interior port through Manila to a foreign country pays both a customs duty and an export tax. Under the new regulations, the customs duty in such cases will be refunded.

CERVERA COOL.

He Did Not Kiss the Minister of Marine.

[ASSOCIATED PRESS NIGHT REPORT.] MADRID, Sept. 22.—[By Atlantic Cable.] The marked coolness of Admiral Cervera and his officers toward the Minister of Marine, Señor Aunon, is much commented upon here. Señor Aunon and his staff, in uniform, met Admiral Cervera and his party at the railroad station. The admiral saluted and said stiffly: "I am at the orders of Your Excellency. I shall present myself at the ministry today, as is my duty."

The admiral then started to leave, after exchanging a few words with the former commander of the Vizcaya, and his other comrades. The Minister of Marine offered the use of his carriage to Admiral Cervera, but the latter declined to accept it and entered another carriage.

In an interview, the admiral said he had a clear conscience regarding Santiago. Nations, he said, grew great by their victories and not by their defeats, however glorious they might be. Spain had lived a dream, and she had now to face reality. The admiral added that his warships were not destroyed in battle, but by fire.

Toral, the Spanish commander who surrendered his forces at Santiago, has also arrived here. He did so without attracting any attention. He is now sick in bed.

CERVERA AT MADRID.

[ASSOCIATED PRESS DAY REPORT.] MADRID, Sept. 22.—Admiral Cervera arrived here today. There were no incidents worth noting in connection with his arrival at the capital.

NO AMERICAN RIGHTS.

[BY DIRECT WIRE TO THE TIMES.] MADRID, Sept. 22.—[Exclusive Dispatch.] The Philippine question gives promise of serious complications. A Ministerial authority yesterday speaking of the matter, said: "The Americans have no rights of protectorate over Luzon or any of the islands in the archipelago, and the commissioners in Paris will defend energetically the Spanish rights against the American claims."

[ASSOCIATED PRESS DAY REPORT.] WASHINGTON, Sept. 22.—Assistant Secretary Howell of the Treasury Department has modified in an important

been sick a few days with pneumonia, and was improving until yesterday, when typhoid fever developed. It is thought he contracted the disease while visiting the camp of the United States army in the South.

It has been learned that during a recent wedding at the Palace Hotel, San Francisco, three diamond rings belonging to Mrs. Bernard Schweitzer, valued at \$1000, were stolen. The lady took off the rings and laid them aside while dinner was being served, and has not seen them since. Neither is there any clue to the identity of the thief.

The Chicago platform demonstrators of the State of New York, represented by about one hundred delegates, met at Troy in legislative session yesterday, perfecting a platform and adopted an ultimatum declaring their reaffirmation that the Chicago platform shall be embodied in the platform to be adopted by the Syracuse convention.

The St. Louis Republic says tobacco manufacturers and dealers in St. Louis regard the 10 per cent cut made by the Liggett & Myers Tobacco Company on all its brands as the beginning of another terrific fight to be waged between the independent factories and the American Tobacco Company, commonly referred to as the trust.

The International Navigation Company yesterday announced the resumption of its weekly mail and passenger service between New York and Southampton by the express steamers St. Louis, St. Paul, New York, and Paris. The first to sail will be the St. Louis, October 12, St. Paul, October 19, and Paris, October 26.

Capt. George J. Adams, aged 33 years, and Capt. Charles Miller, aged 22 years, his assistant, were last night killed while conducting the National Guards' display and reproduction of the Manila battle on the Alhambra River in front of the exposition building at Pittsburg last night. In some way as yet unknown the bomb which was intended to blow up the exhibition stand by the men directly under the skiff in which the men were working.

The United States transport Segura, Southern Mail Line, left for Manila yesterday, en route to Manila. The transport Segura, from Santiago de Cuba, came up to quarantine yesterday. E. Isaacs, the civilian passenger sick with yellow fever, was transferred to Swinburne Island. All the other passengers, mostly convalescents from the transport Segura, were landed at Swinburne Island for observation. Isaacs developed yellow fever on the third day out, and the other sick on board improved during the passage.

Advices received at Colon from Bogota, the capital of Colombia, and Italy have been severed, owing to the action of the Italian government in the Carrizal affair, which the Colombian officials consider in violation of the treaty of 1892, which was thereby annulled.

It is rumored there that Colombia agrees to pay the claim of Pancha, McTaggart & Co., of \$1,000,000 as a result of a breach of the Antioquia railroad contract.

At Danvers, Mass., yesterday the Danvers Historical Society gave an informal reception to Hon. and Mrs. Joseph Chamberlain and other guests in its rooms. Rev. A. P. Putnam, D.D., made an address of welcome, and Mr. Chamberlain in response said: "I desire to see a federation of the Anglo-Saxon race. It is coming nearer and nearer. We are bound by common ties, but we are continuously misunderstanding each other. The press, statesmen and others have been maliciously but by persistent misunderstanding kept us apart. Recent events have changed all that, and we are settling better than ever toward each other."

Day Dispatches Condensed. The Bank of England has increased its rate of discount from 3 to 4 per cent.

The French Minister for Foreign Affairs, M. del Casse, has offered the Peace Commissioners the use of the Foreign Office for their meetings, which commence October 1.

A cablegram from Yokohama says that it is understood that the Japanese government has decided to negotiate for a foreign loan of \$50,000,000.

A dispatch has been received in London from Gen. Roca, President of the Republic, saying there will be no war between that country and Chile.

A Meridia (Mex.) dispatch says there have been no more deaths from yellow fever. There have been many cases of fever in the interior towns, but mainly of an intermittent character, which at first deceived the experienced doctors.

The remains of Miss Winnie Davis, daughter of the chief of the Southern Confederacy, left yesterday en route to Richmond, Va., where they will be interred. A detail from the U.S. G.A.R., acted as escort to the railroad station.

Ex-Gov. Altgeld will go to Missouri the second week of October to make two speeches for the service, ex-Gov. Stone and Congressman Hand have promised to visit Illinois during the campaign. This announcement is believed to mean that free silver will cut quite a figure in the State this fall.

Capt. McLaughlin of the steamer City of Cleveland, which arrived at Cleveland from Detroit yesterday, reports a big steam barge stranded on Middle Island in the Puget Sound group. Capt. McLaughlin said that he could not take the steamer close enough to get a good description of the stranded vessel. She was flying signals of distress. Middle Island is in Canadian waters, east of the Strait of Juan de Fuca, and directly north of Kelley's Island, in Lake Erie.

A Fort Worth (Tex.) dispatch says Dr. Amos Harrell of San Jose, Cal., has passed through there yesterday en route East. He says reports of yellow fever in Tampico are very much exaggerated by refugees from that city. The health authorities have just concluded a searching investigation at Tampico, and found that while there have been a few deaths from yellow fever, there are no grounds for alarm. The malady is very mild, and is principally confined to lower classes, who pay but little attention to personal cleanliness. He stated that tourists from the United States need have no fear in visiting Mexico, as the yellow fever to be found in that country is confined to the coast towns, and far removed from the principal inland cities.

NEW TOWN ESTABLISHED AND THE

Fresno Murder Case.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE (Wash., Sept. 22.—[Ex-
clusive Dispatch.] Sedate old St.
Michaels is the latest Alaskan point to
be deserted on account of the rush to
the new gold districts. Between
three and four hundred men left that
vicinity in small boats on learning of
the rich strikes at Golofwin Bay. A
town has been established at the bay,
and nearly 500 people will winter there
that they may commence mining early.

The new gold district comprises a
number of small creeks flowing into
Fisher River, a short distance from the
bay. As high as \$175 to the pan has
been taken out, and the entire district
is supposed to be rich. The strike was
made, as usual, by a tenderfoot. In
ground that old miners would not look
at. A missionary named Hultbert has
some of the richest claims. Capt.
Walker, U.S.A., in command at St.
Michaels has returned from the gold
fields with a sack of yellow ore from
his claims. A new town will be
called Council City, and is well stocked
with provisions, mostly purchased from
discouraged prospectors at St. Michaels.

MOST NORTHERLY RAILROAD.

Travel in Alaska to Be Made Reasonably
Comfortable.

[BY DIRECT WIRE TO THE TIMES.]

SEATTLE, Sept. 22.—[Exclusive Dis-
patch.] The steamer Humboldt has
brought back the superintendent and rolling
engineers of the most northerly rail-
road in the world. It is to run from
Norton Bay to Catlag, on the Yukon
River. It will be broad-gauge, seventy-
five miles in length, and will save 700
miles of river travel.

Work was commenced early this season,
and the entire line has been surveyed.
A very easy grade was found.
As soon as the ice goes out next year
4000 Italian laborers will be put to
work. The whole system must be built
in about four months, and money will
not be spared. A fleet of boats will
carry up supplies, material and rolling
stock. Everything, even to the axle
bridge timber, must be sent from here.
The Anglo-Alaskan syndicate of London
is putting up the money. J. R.
Graydon, the financial manager, leaves
in a few days for New York and London.
The enterprise means a great
deal for Alaska, as the road will be ex-
tended up the Yukon Valley, if successful,
as far as Catlag.

Two towns have been established.
Gardner City is the name of the Norton
Bay town, and Blair will be the Yukon
terminus. The company will probably
put on a line of steamers from Blair to
Dawson and points even further up
the Yukon. This will enable it to con-
tract for freight clear through. The
company has received propositions from
several transportation companies to
use their boats, but so far has ac-
cepted no proposals.

It is not impossible that electricity
will be used as a motive power instead
of steam. There is enormous water
power for the generation of electricity,
and it would cheapen operating ex-
penses greatly. This is one of the mat-
ters to be decided in London.

"BOONERS" WITH CHECKS.

[ASSOCIATED PRESS NIGHT REPORT.]

SEATTLE (Wash., Sept. 22.—The
steamer Humboldt arrived here to-
day, twelve days from St. Michaels,
with 230 passengers from Dawson. The
majority of them are "cheecharros,"
glad to get back to civilization. There
were only a few who had any gold
dust.

David Bellenberg had the largest
sack. He told Purser Taggart that he
was bringing out \$50,000 spending
money. Purser Taggart estimates the
total amount of treasure brought down
by the steamer at \$100,000. The troops
that were taken up from San Francisco
on the Humboldt left St. Michaels on
September 9 for Rampart City on the
steamer Arnold.

The steamer Leelanaw sailed from
St. Michaels for San Francisco Septem-
ber 10 with a small passenger list.
Among the Humboldt's passengers were
A. E. Gardner, who is interested with
some Chicago people in the proposed
construction of a railroad from Ram-
part City to the coast, and Robert
Moran of this city, who took up a
fleet of river steamers this summer.

"JARMAN WAS CROOKED."

What Attorney Tompkins Says Boss
Rae Told Him.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN JOSE, Sept. 22.—In the Jarman-
Rae suit for slander, S. G. Tompkins,
an attorney, testified today that Rae
said to him that Jarman was crooked
and robbed the city while in the Coun-
cil.

G. H. Landers, a printer in the em-
ploy of Jarman, testified that he heard
a warm dispute between Rae and Jar-
man. Jarman asked Rae why he was
slandering him to his back. Rae re-
plied that he never said anything to a
man's back which he would not say to
his face. Rae then charged that Jar-
man had been paid on the purchase of the
steam roller, and said to Jarman: "You
got \$400 or \$450 of it." Jarman
denounced this as an infamous lie.

PASSENGERS IN IRONS.

Disagreeable Occurrence on Board a
Steamer for Honolulu.

[ASSOCIATED PRESS NIGHT REPORT.]

TACOMA, Sept. 22.—A special to the
Ledger from Honolulu, September 12,
via San Francisco, says that Capt. W.
Miller of the steamer Columbus, while en
route to Honolulu placed two
of his passengers, Russell Colgrove
and his brother in irons. Two women
members of a variety company were
locked up in their staterooms. The
trouble arose by the objections of one
of the members of the company to the
attention paid his daughter by Col-
grove. Several words were exchanged
between the two men, when Col-
grove's brother was said to have
knocked the father down with a belay-

ing pin and inflicting injuries from
which it was thought for a time that
he would not recover. Colgrove and
his brother were put in irons, and the
young woman about whom all the
trouble occurred and her mother, who
sided against the father and husband,
were locked up.

At Hilo they were brought before
the United States Consular agent and
charged with disturbing the peace and
quiet on board an American vessel on
the high seas. The injured man re-
fused to prosecute, and the Consular
agent, after commending and justifying
the captain, discharged the pris-
oners.

This action of the Consular agent
was approved by Consul-General Hay-
wood, to whom the matter was re-
ported. The Colgroves are the sons
of a prominent mail contractor of
Baltimore, Md.

ORIENTAL TRANSPIRINGS.

Russians Acquire Large Tracts of
Land Near Newchwang.

[ASSOCIATED PRESS NIGHT REPORT.]

VANCOUVER (B. C., Sept. 22.—Ad-
vices from the Orient by the steamship
Empress of India are as follows:
A serious mutinous conspiracy has
occurred on the German ship Christine
of Kobe Harbor. Assistance was sent
from the Gefion, and the men accused
were eventually brought before the
German acting Consul. They will have
to be sent to the vessel's port of entry,
Bremen, to be tried for the offense.
The prisoners consist of four Dutchmen,
one Englishman and one German.
The Belgian contract for the construc-
tion of the Lu-Han Railroad has been
ratified.

There are rumors of British and Ja-
panese concession on the island of Nan-
tai, at Foo Chow. One of the mem-
bers of the crew of H.M.S. Linnet has
been making a survey in the neighbor-
hood for the information of Sir Claude
Macdonald.
News comes from Newchwang that
the Russians have been offered large
tracts of land in the vicinity to make
capital out of the proposed British
railway enterprise in that region, as
it seems that he had the proposed
route of the Russian Railway has been
purchased by the British, who de-
manded exorbitant prices for the same.
Russians, by way of checking their
rivals, have commenced building
in the north of Newchwang without
the necessity of formal purchase or
lease of the land from its owners, prac-
tically grabbing lots they require, ar-
guing that after they had once built
on the land, its owners could not help
themselves and would rather be amenable
to any terms from the British.
By these means they would hold the
whip-hand over the railway in
Eastern China, which is run from
Putina to Port Arthur, via Kirin,
Loudin and Nal-Ching, with a branch
from Port Arthur to Newchwang.

SECOND GUN INTRODUCED.

And it Will Be a Big One for Dan-
by's Lawyers.

[ASSOCIATED PRESS NIGHT REPORT.]

FRESNO, Sept. 22.—The fourth day
of the trial of Frank Darby, accused of
killing Louis Boidini, has been full
of sensational features. The prosecu-
tion is still putting in its case and
had shown by several witnesses that
the party which Boidini was a mem-
ber, had but one gun in the posses-
sion. This gun had been taken to
Mendota by one Sanchez, previous to
the shooting. It developed on cross-
examination of Constable Adams of
Mendota today that there were two
guns in the district, one taken from
Mendota and one which was found in
the wagon when the constable visited
the scene of the murder.

It is thought now that the defense
will endeavor to show that Boidini was
killed by a member of his own party.
At any rate the endeavor will be made
to build up a reasonable doubt about
this line. The introduction of the sec-
ond gun into the affair caused a de-
cided sensation. It was unlooked for.
Later—the prosecution rested its
case. While the prosecution's wit-
nesses contradicted each other rather
freely on minor points, it was clearly
proved that the murder was a cowardly
one, and entirely unprovoked. The
defense will open today.

Napa County Republicans.

ST. HELENA, Sept. 22.—The Repub-
lican convention of Napa county was
held here today. The following nomi-
nations were made: Assemblyman,
Eighteenth District, Owen Wade, St.
Helena; Sheriff, Robert A. Brownlee,
Napa; County Clerk, N. W. Collins,
Calistoga; Assessor, H. M. Meacham,
Napa; District Attorney, Thomas B.
Derry, Napa; Treasurer and Tax Col-
lector, L. T. Hayman, Napa; Auditor
and Recorder, Robert Corlett, Napa;
Superintendent of the Prison, John
Napa; Coroner and Public Administrator,
R. M. Kysar, Napa; Surveyor, J.
M. Graham, St. Helena.

Against the Stanford Estate.

SAN FRANCISCO, Sept. 22.—The
Supreme Court has granted the At-
torney-General's petition for a rehear-
ing of the appeal case against the Le-
land Stanford estate, in which it re-
versed the order of the Superior Court
that the foreign nephews and nieces
of the deceased should not be allowed
to pay the inheritance tax. The At-
torney-General's petition was based on
the fact that he had not been notified
of the appeal, and had no opportunity
to present the State's side in the con-
troversy. The case will be argued on
before the January session.

Wolf and Foul Play.

SAN FRANCISCO, Sept. 22.—It is
now generally believed by friends and
business acquaintances, that John
Wolf, president of the Wolf-Wrede
Company, who has been missing since
August 23, is a victim of the murder-
ous greed of some thief or thieves in
Southern Oregon. Both his wife and
his business associates have been given
him up for dead. It is stated that
Wolf had no object in making away
with himself, and that private affairs have
been placed in excellent condition. His
account with the firm for which he
traveled was all right.

Brute of a Husband.

SAN FRANCISCO, Sept. 22.—Mrs.
Mikula Esqueda, a member of the
Spanish colony, has caused the arrest
of her husband on a charge of having
brutally beaten her last Friday night
and of having kept her locked in a
room without food from that time until
this morning. According to the wo-
man's story, Esqueda beat her about
the face and body until her flesh was
black and blue, and inflicted severe
internal injuries, which, in the opinion
of the attending physician, may yet
cause her death.

Second Trial of Flyer.

SANTA CRUZ, Sept. 22.—The second
trial of the Flyer mayhem case began
today, a jury having been secured after
160 talesmen had been examined. The
defense made a vigorous fight against
admitting in evidence the stenographic
report of the testimony of Charles Har-
ris, the complainant, who cannot be
sworn to by the State. The defense
accused must be confronted by his ac-
cusers. The argument on this point
was not completed today.

Lawyer Buckley Dead.

SACRAMENTO, Sept. 22.—Henry L.
Buckley, one of the best-known crim-
inal lawyers in this section, died
suddenly this morning at the Sisters'
Hospital, after a brief illness. He was
twice elected District Attorney, was
City Attorney and for two terms Police
Judge of this city. The deceased was

Got the Wrong Initials.

SAN FRANCISCO, Sept. 22.—For
two days Gov. Budd has listened to
Congressman J. H. Hamilton, Lewis
of Washington and Henry C. Hall in
arguments in regard to the extradi-
tion of D. B. Davidson, who was sent
to Dawson to work for the Klondike
Gold Expedition Company of Denver,
and who is accused of embezzlement
committed in this city after returning
from the north. The extradition papers
asked for from the Governor were
granted, but by some error the initials
A. B. were inscribed instead of D. B.
Davidson, and Gov. Rogers of Washington
to turn over Davidson, who had been
apprehended in Washington. Gov.
Budd has taken the matter down with
himself. The extradition papers under
advisement.

Republican Primaries at Frisco.

SAN FRANCISCO, Sept. 22.—The
primary for the election of delegates to
the Republican municipal, judicial,
educational and legislative nominating
conventions was held here today. The
number of votes cast was 10,798. The
election passed off quietly, as there
was no opposition in any of the wards
regularly ticketed. The conventions will
meet next Tuesday evening in Native
Sons' Hall, but will do little business
other than organizing and electing
temporary officers.

A Peculiar Fatality.

SAN FRANCISCO, Sept. 22.—This
afternoon a laborer named Flynn was
preparing a blast at Ninth avenue and
P street. He had drilled a hole in
the rock, inserted a small quantity of
powder and was tamping it down with
a stick when it exploded. The con-
cussion broke the stick in two pieces.
One of the pieces struck the laborer's
neck, killing him almost instantly.

Fire Laddie Drowned.

SAN FRANCISCO, Sept. 22.—John
Kavanaugh, of the fire department was
drowned off Fort Mason this morning.
He was out on the bay in a small boat
with John Scannell. The water was
rough, and in attempting to land at
the military wharf, Kavanaugh was
thrown into the water, and despite the
efforts of his companion to save him,
was carried to death by the tide.

Yard-Buller Affairs Again.

OAKLAND, Sept. 22.—Mrs. Mary
Lelia Yard-Buller, the wife of Walter
Yard-Buller of London, England, has
brought suit in the county of Alameda
for a divorce on the three-fold
grounds of cruelty, failure to provide
and desertion. The suit will be based
on a decree of a legal separation ob-
tained several years ago in England
by Mrs. Buller.

Rushers Will Be Expelled.

SAN FRANCISCO, Sept. 22.—Every
student of the University of Califor-
nia who took part in the rush of last
week, whose participation is known to
the faculty, is facing expulsion. Sev-
eral have been brought before the
Faculty Committee on Students' Af-
fairs, and other cases are to be con-
sidered.

Missing Trusty Got Away.

SAN RAFAEL, Sept. 22.—Alton
Gould, the convict from San Francisco
who was missing since Sunday night, is
now believed to have entirely eluded the
prison officials and to be hiding in
San Francisco. Gould, a Turk, a
man, footsore and weary, applied at
the ranch of John Christy for food. He
answered the description of Gould.

Eureka Draws Rain.

EUREKA, Sept. 22.—The first rain
of the season began falling here yester-
day, and the precipitation this morn-
ing was of an inch. The rain will be
very beneficial to stock. The
ranges were badly in need of it. Feed
is very short. From present indica-
tions, the storm is past.

Arango's Hard Luck.

SAN JOSE, Sept. 22.—G. Arango, a
maccaroni-maker of this city, while at-
tempting to board a moving train at
Santa Clara this evening, was thrown
to the ground, struck by the car steps,
sustained a severe scalp wound, got
his hand on the rail and lost two
fingers.

Last of the Mohican.

SAN FRANCISCO, Sept. 22.—The old
man-of-war Mohican, now at Mare
Island, will go out of commission in
about two weeks, and it is doubtful
if she will ever see service again. The
Mohican was aground at Honolulu and
the pumps were kept pretty busy on
the voyage to this port.

Favored by Courts and Fortune.

SAN FRANCISCO, Sept. 22.—Judge
Belcher has handed down a decision in
favor of Mrs. Florence Blythe-Hinck-
ley and her former guardian, Mrs.
Kate Perry-Byrne, in the suit brought
against them by George S. Wright for
\$5000.

Nonpartisans at Frisco.

SAN FRANCISCO, Sept. 22.—The
nonpartisan municipal convention met
tonight and was addressed at length
by James D. Fieland, its candidate for
Mayor. It was resolved to make no
further nominations until next Thurs-
day evening, in order that the nominees
of all other conventions might be

given a hearing. A committee was
appointed to request the insertion of a
plank favorable to the new charter in
the different platforms of the several
legislative district conventions. Reso-
lutions in favor of the construction of
the Nicaragua Canal were adopted.

For the Campaign.

OAKLAND, Sept. 22.—The Nonparti-
san County Committee has reorgan-
ized for the campaign of 1898. It is
proposed to hold a conference with the
Democrats and endeavor to reach an
understanding as to nominees.

Widder Jury Completed.

SAN FRANCISCO, Sept. 22.—The
jury in the case of Widder, the de-
faulting City Treasurer, was com-
pleted today, and after the delivery of
the charges by the District Attorney,
the case went over until tomorrow.

JUST A FAIRY TALE.

PAPERS USED AGAINST DREYFUS A
MASS AND MESS.

Le Matin of Paris Claims That the
Prisoner's Name Was Not Men-
tioned in the Documents—Pic-
quart Transferred to Cherche
Midi.

[ASSOCIATED PRESS NIGHT REPORT.]

PARIS, Sept. 22.—[By Atlantic Ca-
ble.] Picquart was transferred this
morning to the military prison of
Cherche Midi.
The Matin affirms that it has authen-
tic information that the name of
Dreyfus was never once mentioned in
the mass of documents brought against
him. It adds that the only serious
document is the so-called bordereau.
The documents in the case, it appears,
consist entirely of fragments of let-
ters referring to everything except
Dreyfus, and the whole matter, the
Matin adds, "constitutes such a fairy
tale that no sober-minded person
would dream of accepting it."

PARIS STIRRED UP.

[ASSOCIATED PRESS NIGHT REPORT.]

PARIS, Sept. 22.—The situation here
is generally admitted to be grave by
both press and people. The conflict be-
tween the civilian and military authori-
ties is becoming acute. The sudden and
unexpected action of Gen. Zurlinden,
the military governor of Paris, in
prosecuting Col. Picquart on the charge
of forgery and using forged documents,
assumes grave aspects on account of
circumstances attending the interven-
tion of the military authorities in a
civil court.

At the present moment, when the
political atmosphere is surcharged with
dangerous electricity, generated by the
Dreyfus case, the general, who has just
outraged the Cabinet in defiance of civil
authority, taken without consulting his
superior or the premier, an important
step. In ordinary circumstances, the
military governor is empowered to act
independently; but now that the Drey-
fus question has become a great na-
tional matter, every proceeding in the
affair has state importance. Gen.
Zurlinden's ignoring of this obvious
fact is very significant. He comes for-
ward as the defender of the army, the
prosecutor of its supposed calumniators
and the resolute opponent of a revision
of the case. From this to an appeal to
the public in the line of an establish-
ment of a dictatorship, there is no wide
step.

The Solal says that, owing to yester-
day's events, the Cabinet at a formal
conference discussed Gen. Zurlinden's
action, and the Fronde even asserts
that the Premier, M. Brisson, disavows
the measures taken against Picquart.

Lynch Brothers Defeat Durham and Rice—Two Horses of Lorillard-Bereford Stables Win—Two Games at Baltimore.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Sept. 22.—It was a cold and cheerless day at Gravesend, and a small crowd watched some ordinary horses win. George Keene was the favorite for the Sea Breeze stakes. Lotter and Lenny got the best of a poor start, and soon opened up a big gap, Keene being off in the rear and running there from start to finish. As the lot rounded the upper turn, Nosey went out and straightened out for home. He had a good lead, which he maintained to the end and won easily. Hildreth, his owner, then claimed George Keene for \$335. Summaries: Mile and a sixteenth: Decatur won, Bardella second, Handset third; time 1:50.

Five and a half furlongs: Lady Lindsay won, Prestidigitatrice second, Helen Thomas third; time 1:09. Sea Breeze stakes, one mile, selling: Nosey won, Lenny second, Hampden third; time 1:42.

Mile and a quarter: Dr. Cattlett won, Handball second, Manasses third; time 2:09.

EASTERN BASEBALL.

Orioles Soar Away from the Orphans Quite Numerously.

[ASSOCIATED PRESS NIGHT REPORT.]

BALTIMORE, Sept. 22.—The Orioles equalled the previous record of the season for straight victories, held by themselves, by taking the eleventh and twelfth games from the Orphans today at Union Park. The contests were played in a drizzle that was almost continuous. At the end of the sixth inning of the second game the downpour caused a suspension of play. Score: First game: Baltimore, 15; base hits, 19; errors, 2; runs, 14; errors, 2. Batteries—Kitson and Robinson; Phyle and Nichols.

Second game: Baltimore, 3; base hits, 4; errors, 1. Chicago, 1; base hits, 3; errors, 1. Batteries—Hughes and Clarke; Woods and Nichols.

PHILADELPHIA-CLEVELAND.

[ASSOCIATED PRESS NIGHT REPORT.]

PHILADELPHIA, Sept. 22.—Philadelphia hit Cuppy almost at will today, and won a dull, uninteresting game. Score: Philadelphia, 13; base hits, 20; errors, 0.

Cleveland, 3; base hits, 11; errors, 8. Batteries—McFarland and McFarland; Cuppy and Criger.

BOSTON-PITTSBURGH.

[ASSOCIATED PRESS NIGHT REPORT.]

BOSTON, Sept. 22.—Klobedanz held the Pittsburghers to three hits today, while the champions batted Gardner hard and won easily. Score: Boston, 8; base hits, 16; errors, 0.

Pittsburgh, 1; base hits, 3; errors, 1. Batteries—Klobedanz and Bergan; Gardner and Schriver.

LOUISVILLE-NEW YORK.

[ASSOCIATED PRESS NIGHT REPORT.]

NEW YORK, Sept. 22.—Hits when they were needed and errors by New York won the game for the Colonels today. Score: New York, 2; base hits, 8; errors, 3.

Louisville, 7; base hits, 11; errors, 0. Batteries—Meekin and Grady; Warner, Dowling and Kittredge.

BROOKLYN AND ST. LOUIS.

[ASSOCIATED PRESS NIGHT REPORT.]

BROOKLYN, Sept. 22.—The Browns and Trolley Dodgers played a ten-inning game today, darkness stopping further trouble. Score: Brooklyn, 3; base hits, 13; errors, 0.

St. Louis, 3; base hits, 7; errors, 2. Batteries—McKenna and Ryan; Hughes and Clements.

PATCHEN AND GENTRY.

Former Wins Two Heats in a Stiff Breeze.

[ASSOCIATED PRESS NIGHT REPORT.]

READVILLE (Mass.), Sept. 22.—Joe Patchen and John R. Gentry, the two fastest harness horses in the world, barring Star Pointer, had a match race at the Readville track today, and the former horse won in two straight heats. A stiff breeze blew from the stretch and held the horses back, so the time was slow, the first heat being in 2:05 1/2 and the second in 2:04 1/2.

SHOWED UP WELL.

Two Horses from the Lorillard-Bereford Stables Make Winnings.

[ASSOCIATED PRESS DAY REPORT.]

LONDON, Sept. 22.—[By Atlantic Cable.] At the first day's racing of the Manchester September meeting today in the race for the Peel Park plate, the Lorillard-Bereford stables' Manate, ridden by Tod Sloan, ran third in a field of five. The race was won by H. McAlmon's two-year-old Haughty.

Sloan also rode the Lorillard-Bereford stables' Jifay II in the De Trafford handicap of 500 sovereigns, but did not succeed in placing a place. G. H. Plummer's Carnation won the race.

Sloan's third mount of the day was more fortunate, for, with him in the saddle, the three-year-old brown colt Pan II won the Thursday selling plate of 200 sovereigns, the winner to be sold at auction for 100 sovereigns. There were eight horses in this race.

CHINA'S RULER CHANGED

DOWAGER EMPRESS WILL HANDLE THE KINGDOM'S POLITICS.

The Dutiful Son of Heaven and a Masterful Mother Has Found the Emperor Job Too Much for His Youthful Abilities—A Rumor of His Death.

[ASSOCIATED PRESS DAY REPORT.]

PEKING, Sept. 22.—[By Asiatic Cable.] An imperial edict just issued, definitely announces that the Emperor of China has resigned his power to the Dowager Empress, who has ordered the ministers to deliver to her in future their official reports.

RUMOR OF DEATH.

SHANGHAI, Sept. 22.—A local rumor is current here to the effect that the Emperor of China is dead. No details are obtainable, but it is said that the gates of Peking are closed.

RUSSIA'S BIG GRANT.

LONDON, Sept. 22.—A dispatch from Hongkong to the Globe purports to give details of the secret convention signed at Peking March 27. It appears that Hsu Ying K'ouei of the Chinese Foreign Office, thereby concluded an agreement with St. Petersburg in which China ceded Port Arthur and Taitien Wan, stipulating that only Russian and Chinese warships enter or dock at Port Arthur. Russia, it also appears, gets the exclusive use of the inner harbor of Taitien Wan, the sole administration of the ceded territories, and a tract of land north of Taitien Wan is designated as a buffer belt.

ITO FORCED IT.

PEKING, Sept. 22.—It is difficult to obtain reliable information at the pal-

ace in regard to the proceedings, but the recent reformatory edicts probably caused the change. While the Emperor was subservient and a mere figurehead, the Dowager Empress permitted him to come in peace, but as soon as he attempted to act on his own initiative, his practical deposition was the result. His principal adviser, Kang Yumoi, the Cantonese reformer, fled in spite of the vigorous attempt made to arrest him, and it is said he is now on his way to Shanghai.

The effect of the change must be great. In all probability Li Hung Chang will be reinstated in power, and Russian influence will increase. The hopes of reform, so ardently cherished by the intelligent factions of the Chinese, are now impossible of fulfillment.

The suddenness of the coup is said to be due to the desire of the Dowager Empress to prevent the mission of Marquis Ito, from being successful. The Japanese statesman recently came to Peking with the object of trying to bring about an alliance offensive and defensive between Japan and China. The new order of things will undoubtedly prejudice British interests in China.

It is reported today that the next edict will give the full reason for the change. The wording of the present edict is not yet obtainable, but it is to the effect that the Emperor requested the Dowager Empress to assume power, this being the third time the request has been made.

The Marquis Ito, in an interview before the edict was issued, said the Emperor received him yesterday in the most cordial manner, and said he hoped to have the advantage of the advice of the Marquis in the reforms which His Majesty intended to undertake.

The Marquis, however, feared that the inaction and conservatism of the Chinese officials would nullify the reforms, although he believed the Emperor was acting in good faith.

THE OLD LADY ANGRY. [ASSOCIATED PRESS NIGHT REPORT.] LONDON, Sept. 22.—The Daily Mail's Peking correspondent, telegraphing Wednesday, says: "The Dowager Empress is greatly incensed over Russia's passivity

HAS THE TIMES ASSAILED THE REPUBLICAN PARTY?

Because THE TIMES, as a matter of principle, has seen fit to criticize the appointment of two persons as Republican campaign managers in this year of our Lord, some individuals and some newspapers that are not broader between the eyes than the diameter of a single thread of a spider's weaving, assume the belief that this newspaper has attacked the entire Republican party of the State and of the nation. This is a fantastic notion based neither on fact nor reason. Since when, pray, did two "offensive partisans" become the whole thing in the great party of Abraham Lincoln and his successors in its councils and confidence? Since when, indeed, has any man or pair of men in the Republican party become so high and mighty that he or they shall be deemed above criticism? We pause for a reply.

While waiting for an answer to these queries THE TIMES will proceed to remark that whatever has been said in the way of criticism of these appointments has been offered distinctly and directly in the interest of the party that has, for so many years, been at the forefront of battle for the advancement of the American people. Whenever any party becomes so pure and perfect that none of its hangers-on are above and beyond criticism or reproach, we may rest assured that the millennium has arrived and may at once proceed to put on our robes and prepare for the ascension.

The man who asserts that "the Republican party is greater than any man or any newspaper" gives utterance to a truism, but when he assumes that criticism of any member of the party; any of its candidates or any of its acts by a staunch Republican newspaper is treason to the party, he thereupon proceeds to set himself down as a good deal of an ass. No individual in all the world is perfect, and as political parties are but aggregations of individuals, it follows that no party is perfect. So far as THE TIMES is concerned it reserves the right as an independent newspaper to denounce any tenet of the Republican party that it believes to be in conflict with the eternal principles of right and justice, and it reserves the same right to criticize any candidate of the party who it believes to be unfit for public office because of the record of the individual as a citizen, or as a public official.

The idea that the king can do no wrong has long since been exploded by the electric spark of civilization, and the same condition of affairs exists as to political parties, and more particularly the candidates of political parties and the committees that manage campaigns. Surely if the newspapers of the land may criticize the President of the United States, as is freely and openly done every day in the year, there is no sound reason why those same public journals may not criticize the act of a candidate for Governor, or even his Executive Committee, which sometimes, it would seem, assumes that it is greater than the power that created it.

The day of the hide-bound political partisan or partisan newspaper has gone by in America. The people are doing their own thinking, and as THE TIMES represents at least some portion of the people, it is likewise doing its own thinking. It is not given to any man or political committee to say how the people shall vote on the day of election, nor how this or any other independent newspaper shall be conducted. As free-born American citizens, the right is claimed to follow the dictates of the individual conscience; and he is a dastard who does not assert himself and stand up for what he believes to be right, though all the world assails him.

Strictly in the line of duty, THE TIMES has entered its protest against the appointments made from Los Angeles county on the Executive Committee organized to manage the gubernatorial campaign of 1898. That this

protest was destined to give grievous offense to the parties concerned, and to disturb somewhat the political situation in California, was foreseen, but THE TIMES did not create the conditions and is in no wise responsible because this protest became a necessity. We would be craven to hesitate about denouncing an impolitic move on the part of a Republican so long as it is a matter of vital moment to the great party whose success, on right lines, is dear to us; it would be an act of cowardice to sit mute and see things done tending to cast discredit upon the party name; strong in that opinion, firm in its belief that a monumental blunder was made in selecting these men, THE TIMES has criticized such selection, and although Tray, Blanche and Sweetheart of the impotent, hide-bound Republican press are barking at our heels, there will be no shadow of turning in our opposition to this indefensible act. We agree cordially in the opinion that the Republican party is greater than any man; we go farther, and agree that it is greater even than any two men who have ever been active in advancing the cause of Collis P. Huntington as against the cause of this great and independent people who call no man master.

ARNOLD'S UNFITNESS.

The friends of George L. Arnold, candidate for reelection as a member of the State Board of Equalization, are making a desperate effort to show that the attacks which have been made upon him were unjustifiable. Unfortunately for Mr. Arnold, the criticisms which have been passed upon him are based upon his public record, and upon facts which cannot be gainsaid or explained away.

In previous articles THE TIMES has shown that George L. Arnold has been the pliant tool of the Southern Pacific Railway Company of Kentucky, while ostensibly representing the sovereign people of the State of California. Having been nominated through the railroad influence, he has consistently served the interests of that corporation, thereby earning from his employers their influence in favor of his re-nomination, which was consummated in spite of the earnest opposition of the independent and untrammeled elements in the State convention.

Through the acquiescence and connivance of George L. Arnold, member of the State Board of Equalization, the Southern Pacific Railroad Company has been enabled to evade the payment of its legitimate and honest share of taxes, not only in Los Angeles county, but in other counties throughout the State. In consequence of this inequality of assessment, the taxpayers of California, in both city and country, have been subjected to unjust and onerous burdens.

As heretofore pointed out in these columns, the great wharf of the Southern Pacific Company at Santa Monica, which Collis P. Huntington himself declared before a Senate committee had cost the company about \$1,000,000, is practically exempt from taxation. In like manner, the Arcade depot property in this city, with its valuable and extensive tract of ground, is assessed as "right of way," at the modest rate of \$9500 per mile, or a total valuation of about \$3200! The tract embraces an area of 10.23 acres, and upon a portion of it stands the Arcade depot, which, in itself, is a valuable piece of property, worth ten or twenty times the amount of the assessment for the entire tract. This assessment amounts to about \$320 per acre, which is at least not more than one-tenth of its actual value.

The instances above cited are but two out of many, which go to show the subservience of George L. Arnold to Southern Pacific interests. There are undoubtedly other cases, equally glaring, in which the people's interests have been sacrificed for the benefit of the corporation which Mr. Arnold serves. But these are sufficient to show that Arnold is an unfit and an unsafe man for the office to which he has been nominated by the Republican party of the State. THE TIMES dislikes to be obliged to perform the serious task of exposing Arnold and his methods to the public. But it has a duty to perform in this direction, and that duty must be done, irrespective of consequences.

The Republican voters of California cannot afford to place in the important position of member of the State Board of Equalization a man who will serve the interests of the Southern Pacific

Company as Arnold has served them. The tax burdens upon the people are too heavy already, and should be lightened rather than increased. Mr. Arnold's friends evince a zeal in his behalf which is worthy of a better cause.

The pie-chasing political circus at Santa Monica has struck its tents and disbanded, preparatory to raiding the country districts in the search of votes for its aggregation of candidates who represent no other principle than that of an inordinate appetite for place. But the people who are to do the voting in November realize that the Republican party of this county have put up a ticket that is all from top to bottom—a ticket composed of strong, competent and honest men, who are free from pledges or promises, and therefore prepared to administer the county's affairs with the single purpose of giving the public excellent service. It is a ticket created by a convention of independent and patriotic citizens who refused to go into combines, to accept slates or to obey the behest of bosses as petty as they are contemptible. With such a ticket the Republicans are in this contest to win out every office from Sheriff to Constables, and they will win.

At the corner of First and Main streets, at about the hour of 11 p.m., each night, there is pandemonium on a limited scale. The Orpheum Theater audiences disperse at that hour, and as the crowd comes out the street cars line up in front of the theater to receive passengers—which is right and proper. But it is entirely unnecessary for the persons in charge of the cars to keep up an infernal din, by pounding all the available gongs in the outfit, as they do, to the great annoyance of everybody in the neighborhood. The guests of hotels and lodgings in the vicinity are the principal sufferers from this needless noise. People coming out of the theater can find their cars without difficulty, and there is no need for the ringing of any bells while the cars are waiting. This nuisance should be abated by the City Council, if necessary.

The evacuation of Cuba by the Spanish troops should by all means be hastened as much as possible. Every day of delay adds to the stress of the situation. There is naturally much friction between the Cubans and the Spanish soldiery. This will be done away with when the latter shall have been embarked for Spain, but not before. Now that the rainy season is drawing to a close, American troops can enter Cuba with comparative safety, and no time should be lost in placing an army of occupation in control of the situation, to be withdrawn only when order has been completely restored, and the constitution of the island is complete.

The men who made the fight in Los Angeles to secure a private harbor for Collis P. Huntington at Santa Monica, damage any public cause in which they are engaged, either actively or passively. The people of this section of the State will not trust the individuals who shamelessly attempted to betray the community into the hands of the gigantic corporation of greed, and though lies against THE TIMES be piled upon one another until they are as high as Mount Wilson, nobody hereabouts will be hoodwinked by the performance. The railroading gang is spotted by the populace, therefore "let the galled jades wince, our withers are unwrung."

Capt. Steere and his gallant lads of Battery D, of the California Artillery, are to be congratulated upon their call to active service in the field. Had Capt. Steere been "beefing" and abusing his superior officers, the situation at this time would probably be entirely different, regarding himself and his command. The true soldier always knows enough to keep his mouth shut, and Capt. Steere is that sort of an officer. Los Angeles is proud of him, and of the other Los Angeles boys who are to sail with him to the islands of the Far East.

Referring to a recent editorial in THE TIMES, on the prospect for a universal language, Elias Longley, of this city, writes to suggest that the general introduction of such a language would be much facilitated by the adoption of an improved and simplified method of spelling English, which is in some respects the most difficult language in the world, owing to the irregularity of its pronunciation. Mr. Longley sends a copy of a phonetic reading book, the words in which look like a case of type struck by lightning.

According to the special dispatch from Havana, printed in THE TIMES of yesterday, Sagasta is attempting to "play horse" with our Uncle Sam, but the wily old fellow who wears a star-spangled waistcoat and striped trousers is probably cute enough to catch the Premier at his little game of diplomacy and delay. We have little doubt that the evacuation of Cuba will be speedy, and have every confidence that the United States will get what it started out after on the 21st of April.

Although our Democratic friends made a great hubbalooboo about throwing out of the Santa Monica convention the railroad push which has its headquarters at the Arcade depot, the attempt to "throw out" ended where it began, in mere wind. It is quite evident that the trail of the octopus is over it all, and that about the only thing left for a disgusted populace to do is to take to the brush.

The Evening Distress talks glibly about "the enemies of George L. Arnold," in its labored defense of that

unworthy servant of the people of California. When the day of election comes around Mr. Arnold will learn that his "enemies" are the voters of the Fourth Equalization District, and he may understand that their "enmity" is based solely upon his record as a public official.

There isn't a man on the county fusion ticket that cannot be easily defeated by the man occupying a corresponding position on the Republican ticket, but there must be no overconfidence, nor no let up in the fighting. The enemy should not only be routed but disorganized beyond the hope of a rally. The Republicans of Los Angeles are fit to do the business.

"Dewey Islands" will strike the American people as a very fitting and proper name for the Philippines. There is only one regret in this connection—we ought to have a continent to name after the glorious hero of Manila; a mere group of islands is altogether too small to fill the measure of his achievements as a fighter, statesman, diplomat and dude.

The Sultan of Turkey, according to a statement by ex-Minister Angell, refuses to make restitution for damages inflicted upon Americans living in Turkey. It might be well, perhaps, for Uncle Sam to get a few of his best warships ready to do a little duty in the vicinity of the Golden Horn.

It appears that an investigation is to be put on foot regarding the infamy of locating a body of troops at that pestiferous spot, Camp Merritt. Let us hope the whole truth shall be brought out and the guilty punished according to their deserts, whoever the guilty may be.

The allied appetite which adjourned recently at Santa Monica, will be more hungry the day after election than it is at this writing, and the Lord knows it is so hungry now that its back and stomach make a composite picture.

Let us have no mud-throwing in the campaign. We have better weapons than the guns of muck, that are nastier at the breech than at the muzzle.

It must be conceded that the seat of the Secretary of War appears to have a cushion of facks, and their points are toward the zenith.

Col. Bryan declares that in the effort to keep still he is suffering under great agonies. We believe every word of it, colonel.

The gold reserve is up to \$242,909,423, and is still climbing. The war didn't knock us out very badly, after all.

The yellow newspapers are just now experiencing some difficulty in securing their especial tint of paint.

THE PART OF CAMPAIGN WISDOM.

[Pomona Times:] "Given a good cause and candidates that are fit for office, they stand a good chance of winning. But their duty is to secure as many votes for them as is possible, consistent with law and honesty, and a manager that will not make any tolerable sacrifice to this end is unfit to be a manager—he is, in fact, a species of idiot. The effort of this manager is to elect and it is the part of political wisdom to rightfully get as many as possible."

The Los Angeles Times is a Republican newspaper—not an organ, that grinds out political music by direction of the State ticket. It is a newspaper of independent action, and should be elected from top to bottom. The exception it makes is to George L. Arnold, for the State Board of Equalization. The effort of this manager is to elect and it is the part of political wisdom to rightfully get as many as possible."

By not acting in this way they show they have less friendship for the Republican cause and candidates than hatred for the Los Angeles Times. To say THE TIMES is without political influence, is nonsense, and the men and "orcans" which say so, know they are saying what is untrue. It is not too late to secure the unconditional support of THE TIMES without a dollar in cash, or any sacrifice of principle. Have the managers good political wisdom? If they have, they will make demand of THE TIMES and thereby secure many more votes for the Republican ticket than it will otherwise get.

It should be noted, in this connection, that THE TIMES made no "demands," makes no "demands," and will not make any "demands."—Ed. Times.)

Turn on the Light. [San Pedro American:] That Henry T. Gage has made a very serious mistake in appointing two notorious members of the Southern Pacific Company as members of the Executive Committee of the Republican State Central Committee, no one, no matter how friendly to Mr. Gage, will attempt to deny. The appointment of H. Z. Osborne and W. F. X. Parker may be the result of carelessness on Mr. Gage's part, or it may be in the confusion of arranging his other plans, the friends of these railroad men have secured their appointments. The American hopes that this will be found to be a case. As we have said before, it is a serious mistake, but if Mr. Gage is innocent of any connection

with the Southern Pacific Company and shows it by promptly removing railroad men from the Executive Committee, the mistake may not be fatal, but if he declares his complicity with the malign force of California by keeping these two men on his Executive Committee, he need look for no sympathy or support from any paper whose republicanism is not above its patriotism, and whose desire for party success is not paramount to its loyalty and devotion to the great State of California.

The American is staunchly Republican, but it will oppose the candidate of any party, for any office, who is endorsed by the Southern Pacific Company. In this course we believe the paper will be joined by the best elements of the Republican party.

Mr. Gage's action in this matter will be looked for with impatient anxiety by a host of the truest friends both of himself and his party.

The Pic-counter Belgrade. [Tucson Citizen:] The Republican County Convention, recently held in Los Angeles, declared in its platform of principles that no Federal, State, county or city officer or his deputy should sit as a delegate in a political convention, or hold a position on a partisan committee. This should be the law of the Republican party everywhere. If a man holds a public office, he should not be an offensive partisan. The moment he begins to draw a public salary, he should cease to be in politics and give his time and ability to the public service. It is to keep officers out of party politics that the civil service was established. Let the people select the officers, not the officers manage political conventions and political committees, to use the people.

LOS ANGELES THEATRE. "An Enemy to the King" was given last night by the Frawley company for the first time on the Pacific Coast. The fact that it was the initial presentation was patent to the dullest comprehension but it is a very difficult play, full of intricate detail and calling for the most sure and spirited acting of nearly every part.

As the piece was new to everybody in the company, except Miss Bates, a very evident nervousness manifested itself in the acting. The effect of dashing, picturesque gallantry which is popularly supposed to be the distinguishing mark of the sixteenth century. Hard and sustained work had been put into it in rehearsal, but its first actual performance showed many weak spots and ragged edges, which will doubtless be smoothed out as the actors grow more accustomed to their roles. It is no small task for a company accustomed to modern farces, comedies and society dramas to jump suddenly into the atmosphere of the sixteenth century. Men are not used to these prosaic days to fighting upon the quiver of an eyelid or the twitch of a nostril, and their unaccustomed awkwardness is easily seen in the scabbard. Instead, they exhibit a distinct tendency to get tangled up with the legs of the wearers, and to do queer things to their cloaks and other mediæval valment.

Faults caused by mere nervousness and lack of practice often vanish with the second presentation. As the play is not for last night's performance, it is not fair to say that the Frawley company did not give last night's performance a fair chance, though, and this clever young actress would make a charming part of Julie de Varion.

Ernesto de Luna, the leading role in the play, only one comment can be made. He was hopelessly bad. No amount of rehearsal would ever give him more than a speaking acquaintance with the part of the gallant Huguenot leader. His talent belongs more to the class of "Number Nine" than to the class of "Number One."

Mr. Roberts struggled valiantly to make something of the role of the Governor, Claude de Chastre, but it is a case of a man who is not used to a comparatively insignificant part when he was much more urgently needed elsewhere. Mr. Burke deserted the play for a while, and the character of the Secretary, Montignac, but he is better in comedy.

Mr. Edwards, in spite of his trying surroundings, actually succeeded in getting some funny scenes into the play as Blaise, the lackey of De Luna. The others of the large cast have been doing well, and the character which, at present, hang rather loosely upon them.

The story of the play itself has been full of interest, and the dramatic drama, and given proper presentation, should succeed. It is full of action and the interest is excellently sustained. The costumes are good; the staging fair.

For the remainder of the engagement Mr. Frawley himself will assume the leading role of Ernesto de Luna. The play will be repeated tonight and tomorrow night. "The Rajah" will be given at the bargain matinee tomorrow night, a large party of Shriners will attend the theater in full regalia, fez, jewels, etc., in compliment to Mr. Edwards, who is a member of that order.

CHINESE CERTIFICATES.

Must Not Be Issued to Classes Exempt from Law.

[ASSOCIATED PRESS DAY REPORT.]

WASHINGTON, Sept. 22.—The Secretary of the Treasury today made an important ruling in which he holds that Chinese consuls in foreign countries are not authorized to issue certificates to privileged classes of Chinese entering this country. In a circular issued to all officers of customs, attention is called to an opinion of the Acting Attorney-General, in which it is held that there is no authority in existing laws under which consular officers of China in foreign countries may issue Chinese subjects of exempt classes the certificates prescribed by section 6 of the act of July 5, 1894, relating to the exclusion of Chinese. Customs officers are instructed as follows: "The practice which has heretofore obtained of accepting such consular certificates will be discontinued, and Chinese subjects of the exempt classes coming into the United States from China must produce certificates from the government of China, and those coming from other foreign countries in which they are residents must produce, under the treaty of 1894, the certificates of the government of such countries and not certificates of consular and other subordinate officers of China. All rulings heretofore made in conflict with the foregoing are hereby revoked."

The effect of this ruling will be to prohibit the entry into this country of the privileged classes except upon presentation of certificates issued by the imperial Chinese government. In view of the fact that the government has never issued certificates of this character, it is believed that comparatively few Chinese, even of the exempt classes, will apply hereafter for admission.

PRETTY GOOD STANDARD.

ATTY-GEN. GRIGGS ADVISES NEW JERSEY REPUBLICANS.

He Warmly Indorses the President's Conduct of the Administration and the War—Heurges the Party to Resort to Petty Squabbles as the Democrats are Trying to Do.

[ASSOCIATED PRESS DAY REPORT.]

TRENTON, (N. J.) Sept. 22.—The Republican State Convention to nominate a candidate for Governor was called to order in Taylor's Opera-house at noon today by Chairman Franklin Murphy of the State Central Committee, who introduced Attorney-General Griggs as presiding officer. Mr. Griggs received an ovation. He spoke briefly of local state politics in the last political campaign. He then continued: "And in this latest time of storm and stress, in the midst of great perplexity and under the weight of enormous responsibilities, it is a pleasant thing to bear witness that our President has retained the confidence and support of those who aided us in 1896. And more than that, he has had the assistance of the advice and counsel of many of the responsible leaders of the Democracy North and South, loyally and sincerely rendered, without thought of partisan or political differences. He has had behind him the support of the American people with greater degree of unanimity than any President since Washington."

There can be no political opposition rest upon in this campaign? There is nothing but academic discussion left for Democratic platforms. They may propose protective tariffs, but they will care. They have nothing newer or better than the Chicago platform from which tens of thousands of New Jersey Democrats have been excluded. A dangerous and alarming diversion of Democratic doctrine, then it is now only ridiculous. It has upon it the double condemnation of the people and present great inconsistency with every great occurrence in history since 1896."

which certain newspapers and others are trying to make the leading issue of the Democratic campaign. Forgetting the glory, the achievement, the success with which an army of 200,000 men was raised out of nothing and a hostile nation almost wiped out in ninety days, they are hovering like buzzards over the battlefields and hospitals and graveyards, looking only for the misery and suffering and death which are inevitable in war. Surely the Democratic party has not been reduced so low in the supply of proper subjects for political divisions as to need to rely upon yellow fever and literature. The country demands now a branch of statesmanship new to Americans—the proper methods and means for the control and government of colonial dependencies and adjustment of colonial interests and affairs to the interests of the home governments—a field wherein partisan rivalry should not easily be allowed to enter, but where broad and enlightened state policy may have full scope to work out plans whereby the blighted territories of the nineteenth century civilization may be assured to the peoples that are to be under our paternal career, and reciprocal duties be obtained for our own countrymen.

"I believe in the capacity of Americans to govern themselves and others. I believe that the boundless capacity and the splendid courage of America, with her high sense of justice, her appreciation of the rights of man, will in the end prevail over all our enemies."

work out marvels for the peoples that have come under our guardianship, and greatest glory for our country. "Now we have been blessed already. All the old root of bitterness between North and South removed. What years and years of political evil have been done, was done in the past, when our standards were set toward a foreign foe, and the consummate tact and grace of our republicanism refused to make any distinction between Federal and Confederate, but put Lee and Wheeler side by side with Kent and Shafter, 'Yanks and Johnny' all keeping step together to the music of the Union."

"It has been the happy result of this war to have brought back, forever, to this country, the best of men and affection, the old good humor, and well-being of the people of the North and South, as in the days when Adams and Stanton and Jay labored and conferred in fraternal harmony with Patrick Henry and Thomas Jefferson and the Pinckneys about our country's interests."

After the address of Atty-Gen. Griggs, the convention decided to remain in continuous session. The Committee on Resolutions reported the platform, which was adopted with the single exception of the following sentence, which was stricken out on motion of Chairman Murphy: "And, if by the misconduct or incompetency of any of these, the health or lives of the people should be endangered, we needlessly sacrificed or endangered, we feel assured that the President and his constitutional advisers will make such investigations as will bring the offenders, regardless of past or present political affiliations, to punishment."

Mr. Murphy said that if there had been any inconsistency in connection with the management of the war by the Republican administration would have been without any resolutions.

THE SULTAN RELUCTANT.

Not at All Anxious to Pay the Claims of the Powers.

[A. P. EARLY MORNING REPORT.]

NEW YORK, Sept. 22.—The Tribune says:

"President J. B. Angell of the University of Michigan, who for more than a year has been United States Minister to Turkey, was among the passengers on the Teutonic yesterday. Mr. Angell, who has been succeeded in Turkey by Oscar Reischauer, resigned his position to renew his administration of the university, of which he is the head. He was unsuccessful in securing the release of the American claims upon the Turkish government, but as on the journey across the Atlantic he was frequently in conference with Mr. Hay, he took advantage of the opportunity to inform the new Secretary of State of the situation existing in Turkey. It is well known that it is the desire of the President that the claims against the Porte shall be settled as promptly as possible, and the information which Mr. Angell will be able to impart to the government, would be extremely valuable in the effort to compel the Sultan to make good the damages inflicted upon Americans living in Turkey."

"In the course of a conversation with a Tribune reporter, Mr. Angell said: 'There is little new that I can say regarding the situation in Turkey. Perfect tranquility prevailed while I was there and no massacres occurred in Armenia nor in the Balkans.'"

"It is true that the United States intends to enforce the payment of its demands by a demonstration of force," Mr. Angell was asked.

"I have not heard of it," he replied.

"We made these claims, as did the other powers, for damages inflicted by the Turks upon our missionaries. The Sultan, however, refuses to recognize their claims, and denies the responsibility upon a plea that it is unconstitutional to the powers and to the United States."

"Whether an attempt will be made to collect these claims by force of arms or a demonstration of force, is a matter for the government alone to decide. When moral pressure is brought to bear upon him, the Sultan declares that the damages were the result of a mob riot, and that, therefore, he is not responsible. Indeed, he has actually told the European powers that instead of making claims against him, he is entitled to indemnities from before and after the European demands. The Europeans suffered their damages in a mob riot, but our claims for damages were upon a much stronger basis. The property of the Americans was destroyed not in a general riot, but by soldiers who were put to guard the property, and who were consequently the agents of the government. I placed that view before the Sultan strongly, but the answer he gave me was the same as before, and he refused to make any specific answer to the specific matters which I laid before him. It seems to me that an armed demonstration is the only means whereby the Turkish government can be made to make the restitution asked for."

"What will be the outcome of the Cretan troubles," was asked. "Ah! the powers only wish you could tell them," answered Mr. Angell. "But I cannot tell the Sultan yielding to their request. Whether Turkey will lose Crete now, it is hard to say, but if the powers say she must, she will have to relinquish it."

A MASONIC HOME.

IT WILL BE ESTABLISHED IN SOUTHERN CALIFORNIA.

A Refuge for the Widows and Orphans of Masons—An Enthusiastic Meeting to Discuss the Project—Plans Well Under Way.

A meeting was held at the Los Angeles Masonic Temple yesterday to consider the erection of a Masonic widows' and orphans' home in Southern California. Delegates were present from the various Masonic bodies in the vicinity, the Order of the Eastern Star being particularly well represented. Delegates were present from the following-named bodies: Pentapolis, Southern California, Sunset, Hollenbeck and Southgate lodges of Los Angeles; Whittier, Pomona, Santa Ana, Norwalk, Ontario, Riverside, Downey and Alhambra chapters; Signal and Pomona chapters R.A.M.; Acacia, South Gate, Pomona, Santa Ana, Whittier, Norwalk, Riverside and Downey chapters. Order of the Eastern Star, Los Angeles Court, Order of Amaranth; Los Angeles Commandery, Knights Templars, and Scottish Rite bodies. In addition letters in favor of the project were also received from twenty other bodies in the vicinity. Although the Pasadena lodges were unrepresented, the delegates were thoroughly in favor of the project.

The meeting was organized by the election of Judge S. J. Beck as president, H. J. Lloyd as secretary, and W. M. Hyatt of Whittier as treasurer. The following resolution was presented, and after considerable discussion was adopted:

"Resolved, that the time has now arrived when it is necessary to establish a home for Southern California, and that we proceed at once to carry out the project." It was decided to appoint a committee of five, with full powers to the President will take some little time to consider his appointments. This movement is by no means intended to supersede the efforts of the splendid Masonic Home at Decoto, to which the members of the craft throughout the State have contributed liberally, nor is it intended to further the efforts of the home at Decoto to erect a massive and expensive building. It will be instead on the cottage plan, and will be a comfortable, healthy locality. The home at Decoto is from 500 to 600 miles away from Southern California points, and the order is considered strong enough in California to support two homes. There are nearly a hundred Masonic bodies in Southern California. In all probability the amount of money raised by a gift, the cost of improvements will not exceed \$5000, and the annual expenses not over \$5000, therefore it is believed the assessments for the erection and maintenance of the institution will not be seriously felt. The Masonic Board of Relief of Los Angeles alone expend nearly \$2000 per year, and the country lodges an equal amount in proportion.

Among the most earnest advocates of the project at the meeting were the ladies of the Eastern Star, one lady alone pledging \$1000 to aid in the furnishing of the home when completed.

Future meetings to perfect plans will be held at the call of the president.

POSTOFFICES AND PENSIONS.

Weather Conditions.—The pressure continues low on the North Pacific Slope, accompanied by cloudy weather and rain, which extends as far south as San Francisco. Generally cloudy weather prevails on the Southern California coast. The temperature has fallen slightly on the North and South Pacific Slopes. It is in the central section, though no material changes have occurred in any section.

Forecast.—Local forecast for Los Angeles and vicinity: Cloudy and unsettled weather tonight, partly cloudy Friday.

ALL ALONG THE LINE.

The total enrollment of pupils in the public schools of Los Angeles this year, as reported, is 16,350, against 14,701 last year. An increase of over 11 per cent. per annum is a good showing.

Pasadena is preparing for a rousing reception for the boys of Co. I when they shall arrive home from San Francisco. If any city in California is qualified to do the proper thing on an occasion of this kind Pasadena is that city.

The lack of the usual amount of rain in Southern California this year has had one good result. It has set the people to thinking about, and acting upon measures to provide a better supply in the future and place themselves to a greater degree beyond the dangers consequent on a slight failure on the part of the weather clerk.

A resident of Chicago, who has just come to Southern California, told a representative of the Pomona Progress a few days ago that during the recent hot spell he walked several blocks on Wabash avenue and saw one or more horses lying dead in the street in every block as a result of the heat. And yet some people think it has been warm in Los Angeles this summer.

The Tulare Register says R. T. McMillan of that place is the possessor of a "really and truly" leather medal. It was given him a number of years ago by the citizens of Bakersfield because of his being the only man who ever worked at Bakersfield without having a fight with said citizen. McMillan was doubtless something of a sprinter in those days.

The report of the manager of the Pomona Fruit Exchange, presented at the adjourned annual meeting held a few days ago, made an excellent showing. The total shipment of oranges amounting to 49,642 boxes, the receipts for the same being \$49,335.22. Considering the scarcity of water the past season and the consequent reduction of the product in many quarters, the fruit-growers of the Pomona exchange should be well satisfied.

ABILA WANTS LENIENCY.

He Did not Pull His Pistol's Trigger.

Paulino Abila, the Mexican who aimed a pistol at the head of Officer Mills, and thought better of it before pressing the trigger, was up for sentence yesterday for carrying concealed weapons. "Habeas Corpus" Ladd appeared as a friend of the Mexican, and made a plea for a "floater," saying that Abila had a job at Sepe, Ventura county, to which he was remarkably anxious to go. He had come here for his family, got drunk on "dago red," and did not know what he was doing. Justice Morrison said the case rested on the fact that had Abila pulled the trigger he would now be on trial for murder. As it was, the lesser charge was all that could be placed against him. He took the matter under consideration, however, until this morning at 9:30 o'clock.

HER LIFE A BURDEN.

Miss Evans Killed Herself With Laudanum for Love.

Coroner Campbell held an inquest yesterday morning over the remains of Miss Rose Evans, who committed suicide Wednesday morning. The verdict was death from opium poisoning, with suicidal intent.

J. V. Mills testified that there was an engagement between him and Miss Evans, which had been broken about three months ago by mutual consent, both becoming convinced that their temperaments were not congenial and that it was better that the engagement should end.

The motive for the act was learned to be that the girl was subject to fits of melancholia, and at times had said to Mr. Mills that she would some day fill a suicide's grave.

The funeral will take place at 2 p.m. today.

PLENTY OF SUITABLE ROCK ON SAN CLEMENTE ISLAND.

Contractor Neu Finishes His Reconnaissance and Returns to Chicago With the Preliminaries for Building the San Pedro Breakwater Well Under Way.

Contractor Neu has completed his reconnaissance for the beginning of work on the San Pedro breakwater, and will leave for Chicago this morning, well satisfied with the outlook for the early and successful completion of the contract.

Mr. Neu returned from San Clemente Island yesterday. There he inspected the stone quarries and found abundant rock suitable for the great work which his firm, Heidmeyer & Neu, is about to begin.

"You can say," said Mr. Neu to a Times reporter who interviewed him at the Hotel Van Nuys yesterday evening, "that I have looked the ground over thoroughly, during my stay here, and found everything very satisfactory. I will leave our superintendent, Mr. Anunson, here to complete the preliminaries, while I return to Chicago to attend to urgent business there. I expect to return to Los Angeles in December, but we will not be ready to begin actual work on the breakwater before March or April. Much remains to be done in the way of preparation for transporting the rock needed. Barges will have to be built, piers erected, etc., so you see it will be some time before we can begin the real work we have undertaken to do. We intend to rush the contract, after we once get started, but it will take us about four years, at least, to complete the work."

"At San Clemente I found a quarry of suitable rock, at the north end of the island and about 2000 feet southeast of Wilson's Cove. We will build piers for mooring barges there, so that the rock can be loaded directly from the quarry into the boats."

"Mr. Anunson will have charge of this preliminary work. He will also procure the necessary tugs and barges. We have not yet decided where the barges will be built; some of them may be built at San Pedro, where there are ample facilities. It all depends upon where we can get lumber cheapest, and the work done to the best advantage."

"I have met a good many of your business men during my stay here. They have all seemed glad to see me and have treated me handsomely. I trust our future relations will always be pleasant and of mutual benefit."

Mr. Neu is accompanied by his wife, who will return with him to Chicago. He has apparently enjoyed their trip to the Coast.

Mr. Anunson, who will remain here in charge of the preliminary operations, said at the Van Nuys Hotel. He is said to be in every way competent for the work entrusted to him and will, no doubt, see that it is expeditiously performed. It is understood that he will go to Seattle within the next few days to inspect several tugs that have been offered to the contractors for use in hauling rock.

Mr. Neu went to San Pedro last Monday, accompanied by Mrs. Neu, and examined the conditions about the inner harbor, and especially the Banning shipyard, with reference to the feasibility of building the scows there that will be needed for the transportation of the rock from the quarries on San Clemente.

For the loading of the rock on the scows at the island, only a small wharf will be necessary. His forecast with a small gang of men, will proceed to the island in about a fortnight, and the big work will be started there. The wharf will be constructed and other preparations for the economical removal of rock made. Water development will also be an important detail.

In the course of his investigations at San Pedro, Mr. Neu secured data by which he will be guided in the construction of the scows, as to their size, draught and strength. Plans and specifications in accordance with these details must be prepared before actual work on the construction of the scows can commence. Options have been secured on at least two big towboats for use in moving the rock.

GOOD CITIZENSHIP RALLY.

Christian Endeavorers Will Meet Tonight at the Baptist Church.

This evening the Christian Endeavorers of Los Angeles will hold a union rally at the First Baptist Church, under the auspices of the Good Citizenship and Social committees.

It is not the aim of the Christian Endeavor Society to enter politics as an organization, but it is believed that all members, irrespective of creed or party, should be informed in regard to political matters, and should, as individuals, use their influence in the party to which they belong to secure needed reforms.

The following addresses will be delivered: "Machine Politics," Prof. H. E. Storm; "The Anti-Saloon League," G. F. Hill; "Relation of the Christian Endeavor Society to Citizenship," Leonard Merrill; "The Men's League," Rev. E. S. Farrar. There will be an "Open Parliament," led by C. F. Skilling.

The programme will be preceded by a devotional service, led by C. D. Wilbur, and a praise service led by Prof. Fuller and a choir, and will be followed by a social.

PERSONALS.

Sergt. Herbert Laux will leave Sunday for San Francisco to join Battery D, California Heavy Artillery, which is to proceed to Manila.

William Fruhling, A. G. Fruhling and Edward Fruhling left for San José Tuesday night to attend the funeral of their father.

Morris Bennett Found Dead.

Morris Bennett, thought to be the peddler who sold spectacles and notions at Fourth and Main streets, was found dead in his cabin on Park avenue, a short distance northwest of the Occidental College, yesterday afternoon. The remains are badly decomposed, and it is thought that Bennett had been dead for seven or eight days. It is believed that death resulted from natural causes, as a gold watch and a valuable full of spectacles were found among his effects. Coroner Campbell will hold an inquest on the body this morning at 10 o'clock at Orr & Hines.

PASADENA.

A FUNNY BUILDING CASE BEFORE THE COURT.

More Witnesses to Be Called to Establish the Dog's Character. Cityway Branches Claimed in South Pasadena—Terrace Drive Commissioners Report.

PASADENA, Sept. 22.—[Regular Correspondence.] There is pending in the Municipal Court an action to determine the legal status of a building. There are other phases of the problem, and among them is to determine if the neighbors have the statutory privilege of trying to force a bulldog into being amiable; and furthermore, whether the Revised Statutes permit the owner of a bulldog to be disengaged, himself, under any vexation. The court has postponed a decision until next week, when new testimony for the defense will be introduced and the dog may have his day in court.

The case was brought through one of the most remarkable petitions ever presented to a California official. This was addressed to the constable, and was as follows: "We, the undersigned petitioners and residents of Lincoln Park, beg leave to call your attention to the presence of a vicious and dangerous bulldog kept by one John E. Schmidt, a resident of Lincoln Park, and a trustee of the Santa Fe track. Said dog is not only a nuisance, but a danger to travelers, and particularly to pedestrians and the children in the neighborhood. This dog is particularly vicious, and has been killed several dogs, and is a menace to the entire neighborhood. Several persons have been killed by this dog. For these reasons, your petitioners pray that you have said dog removed from the territory of Lincoln Park, Pasadena, or else peremptorily order his owners to keep him confined and off the public streets. If the latter family are the owners of this dog."

This petition was signed by Frank J. Schmidt, D. J. Fetzner, Jennie Klinkenberg, Mrs. M. B. Bradley and T. W. Elzey. But the most interesting and novel feature of the whole group was the annex on the last. In signing his name, Elzey added in letters as bold as brass: "The dog is even worse than the petitioners, and the owner worse than the dog!" There was a crowd of people gathered at the hearing, with numerous witnesses for both sides. The prosecution claimed that William Hunter, who was the owner of the shape of this vicious brute, public nuisance which should be suppressed; that the dog is injurious to the health of the community, and is a terror; that pedestrians now have to cut across lots to avoid him, and the electric cars are a scandal to Lincoln Park and are liable to corrupt the morals of all the little dogs and cats.

For the defense, witnesses testified to the creditable department of the dog and the equality of his temper. They asserted that the dog is a terror; that pedestrians now have to cut across lots to avoid him, and the electric cars are a scandal to Lincoln Park and are liable to corrupt the morals of all the little dogs and cats.

Judge Rosier patiently heard the testimony. There seemed to be a wide diversity of opinion and a wide divergence as to facts in the statements of the witnesses, he said, in summing up. The court thought a pretty strong case had been made out by the prosecution, but he desired to give the accused ample opportunity to vindicate himself and he would therefore let the defense have till next Monday to procure additional evidence to satisfy the court that the dog should not be taken away. Accordingly Hunter will come again next Monday with adherents, to demonstrate that the peace of the community and the equality of our institutions require that his bulldog remain in Lincoln Park.

CITYWAY BRANCHES CLINCHED.
Cityway negotiations are over in South Pasadena. The City Trustees and President Dobbin were conferring till after midnight this morning. This evening they met again, drove the nail through the dispute. The decision has been as to how much the Cityway Company should pay to the city for its privileges, and the City Trustees have accepted the company's last proposition to give \$100 per year in addition to a percentage of the gross receipts of the Cityway Company from bridges over certain streets. The trustees tonight passed an ordinance to advertise the franchise and the Cityway Company, which is already getting out working on the project.

PASADENA BREVIETTES.
William C. Wendt, formerly of Pasadena, died at his home in Boston this morning. He left this city two years ago. He was successful as an inventor and secured considerable property, including real estate at Sierra Madre. He was married to Mrs. C. W. Wendt, formerly of Los Angeles.

The commission on the widening of Terrace drive has completed its report fixing damages and benefits. The cost of making the street a uniform width of eighty feet is estimated at \$20,000.

In speaking of a judgment at the Farmers' Institute, B. H. Rust said the tents should be kept over the trees forty to sixty minutes, not forty to sixty hours, as reported.

Miss Orton and Miss Roth have returned from Europe. Miss Orton, who went with them, is now in Paris.

SAN DIEGO COUNTY.

DEATH OF PAUL H. REDIGER, A PROMINENT REPUBLICAN.

Marco Brusch's Double Makes More Trouble in San Francisco—No Canal Congress, 21 Chicago—Big Catches of Fish at Coronado.

SAN DIEGO, Sept. 22.—[Regular Correspondence.] Paul H. Rediger, one of the best-known local Republican politicians, died at the County Hospital yesterday afternoon, aged 44 years. His death was caused by dropsy and heart trouble. The latter ailment had afflicted him for four or five years. Mr. Rediger was a native of New Jersey, and lived in California nearly all his life. For years in San Francisco he was active in politics, and he also made considerable money as a master carpenter. He came here in 1885, and during the boom made considerable money. He entered at once into city politics and became a prominent figure, and remained so until his death.

August 23, Rediger suffered a stroke of paralysis which hurried his death. He was removed to the County Hospital for medical treatment. His mother, Mrs. Marie Rediger, who lives in San Francisco, was with him to the end. The funeral was held here this afternoon.

BRUSCH'S DOUBLE.
Marco Brusch, the Italian merchant, has received tangible evidence of another swindle perpetrated by the impostor who passed himself off as Marco Brusch. Brusch, the real Marco Brusch, of Coghill & Co. and H. Brusch, an Italian-Swiss company doing business here, have received a letter from the impostor, who offered to sell them a large quantity of goods at a low price. The impostor appeared there, introduced himself as Brusch, and ordered a barrel of goods. The firm filled the order, and the impostor arrived by steamer. He was at a loss to know what to do, and the impostor was therefore taken to the County Jail. It is not known whether the impostor borrowed money on the consignment or not.

NO CANAL CONGRESS.
It now appears probable that the plan for a Nicaragua Canal congress at San Francisco will be abandoned. The Canal Commission, which conceived and promoted the plan, has received notice that the leading business men of Chicago are opposed to holding a congress at this time, in view of the chaotic condition of affairs in that city.

SAN DIEGO BREVIETTES.

ELECTRIC INSPECTOR.

THAT OFFICE WILL SOON BECOME NECESSARY.

Board of Freeholders Listens to Suggestions from the Police Commissioners and Adopts Their Recommendations—Lodging-house License—Second-hand Dealers Must Report Purchases.

At the meeting of the Freeholders last night the report of the Committee on Police Department was the special order of the evening. Before taking the matter up a report on "Building Department," submitted by Octavius Morgan, was discussed.

The chairman called attention to the fact that only a few days remain for the board to complete its labors. He said that nearly every subject had been touched upon, and that future discussions should be short and decisive.

Mr. Newmark coincided with the chair; he moved that no member speak more than once on any one question, and that debates be limited to ten minutes. The motion passed, but the members forgot their own ruling later on in several instances.

The report on building department submitted by Mr. Morgan provides for an inspector of electric wiring and apparatus, who shall be a deputy building inspector. Mr. Morgan called attention to the necessity for such an officer; that there are now three different electric companies, and every day there are four or five new buildings requiring inspection, and in a few years the necessity for such an officer will be much increased. Judge Varlet thought it best simply to provide for the creation of such an office when it should become necessary, and offered an amendment to that effect, which carried.

Provision is also made for a board of appeal, to whom appeals may be taken from the decision of the building superintendent. The board will be composed of three members, one from the police department, one from the fire department, and one from the public. The board will be organized by the board of freeholders.

The report on Police Department was then taken up. Judge Varlet had about twenty amendments which were read and will be incorporated in the final report by the Revision Committee. Police Commissioners Gibbon and Unger and Chief Glass were present to urge and explain recommendations which they desired to have incorporated in the report.

It was decided that the sections urged by them had been taken from approved sources. He recommended that the police force consist of not less than 1000 men, and that the police be organized on the basis of the police force of San Francisco, which has one for every 500. He cited ten of the principal cities of the United States, showing that San Francisco has an exceedingly small number of patrolmen for its size. New York, according to Mr. Gibbon, has one patrolman to 375 inhabitants, while Los Angeles has one to 1800. With the future growth of the city, he contended that it would not be safe to have a less number of patrolmen than 1000.

Mr. Gibbon also favored a clause compelling all hotels, saloons, second-hand merchants and pawnshops to furnish daily to the Chief of Police a description of all articles purchased by them, together with a description of the seller; also that all hotels and lodging-houses be licensed. The reports are to assist the police in breaking up houses for stolen goods, and the license on lodging-houses is to check the tendency of soiled doves to frequent the houses of the city.

Another recommendation was to limit the number of saloon licenses to one for every 1000 inhabitants, and that the city exceeds 200,000 population; before that time, not more than one license to every 600. As his personal opinion, Mr. Gibbon thought the Minnesota law on saloon licenses an excellent measure. It provides for license districts, in some districts the license being higher than in others. In this way the residence district is practically free from saloons.

City Briefs.

On the square every time. That's Desmond's business method, and the public like it. When you step on the ground you know it won't give way under your feet; when you buy anything from him in the line of hats, underwear, hosiery, gloves, neckwear, suspenders, collars, cuffs, etc., etc., you may be equally certain that it is a solid value. There isn't, and can't be, any doubt about it. Desmond claims your confidence, because his previous dealings have always justified it. His values and prices make a cheering contrast. Listen to this: All regular 75-cent neckwear this week for 50 cents; good, strictly up-to-date hats, \$2 and \$2.50; endless variety colored shirts, \$1 and \$1.50, etc., etc.

The Times is promptly delivered by our agents at all seaside resorts in Southern California at 20 cents per week, 75 cents per month. If patrons have any cause to complain of the service at any point, they will confer a favor by promptly notifying The Times-Mirror Company.

We have no objection to our goodness or price, but our methods of gathering underwear places us in a position to offer all-wool goods at retail as cheaply as most merchants buy them at wholesale. F. B. Silverwood, No. 124 South Spring street.

A reception will be given in honor of Rev. Dr. Jesse L. Hurlbut of New York, at 8 o'clock this evening, in the parlors of the First Methodist Church on Broadway. All Chautauques and Sunday-school workers are cordially invited.

RED CROSS WORK.

Sergt. Ferguson's Funeral—Preparations for the Seventh's Welcome.

Although a military escort went to the depot, the remains of young Gail Ferguson did not arrive on the train yesterday, and last night Col. Berry telephoned from San Francisco that the body will be on the train which is due here at 1:30 p.m. today. The funeral will, therefore, not take place until tomorrow (Saturday), at 10 a.m., when the services will be held in the First Baptist Church.

Cos. A, C and F of the National Guard and all the furloughed soldiers in the city have been directed to report to Capt. Baker at the Seventh Regiment Armory, Eighth and Spring streets to attend Sergt. Ferguson's funeral. The Red Cross board and its president in particular are invited to attend.

Mrs. Sarah Judson telegraphed to the Red Cross headquarters yesterday: "Harry's condition is dangerous." Young Judson, who is a member of Battery D, and has been very ill with typhoid fever in the regimental hospital at San Francisco, is reported as improving. His mother went to San Francisco to be near him, and this telegram indicates that the boy has had a relapse.

Mrs. D. G. Stephens received a letter from Chaplain A. S. Clark of the Seventh yesterday announcing that, aside from those discharged on furloughs and in hospitals, the ladies might expect from 1000 to 1100 men, including officers, next Tuesday, unless something unforeseen should occur to delay the departure. Monday, Mr. Clark further wrote that there were at least forty or fifty men who would need work to keep them from destitution; that twenty in one company needed homes; that there would be no more pay due until October, and that many would go out of camp penniless.

Mrs. Stephens, chairman of arrangements for receiving the regiment, urgently desires that all interested workers will be at the Red Cross headquarters without further notice, Saturday afternoon at 3 o'clock to receive final instructions.

MARRIAGE LICENSES.

The following licenses issued yesterday from the office of the County Clerk: Nicollino Cassullo, a native of California, aged 26 years, and Mamie Agnes Ray, a native of Missouri, aged 26 years; both residents of Los Angeles.

CAN'T STOMACH FUSION.

B. CHANDLER HAS NO USE FOR A "SLOP-BUCKET" TICKET.

Resigns from the Democratic County Central Committee Because the Party, Assisted by Populists and Silver Republicans, is "Going to the Devil."

The outcome of the three-ring circus at Santa Monica has filled some of the old-line Democrats with disgust. The fusion pill is a bitter one, and will not rest on their sensitive stomachs. In one instance, at least, it has acted as an emetic and one of the old Democratic war horses now feels much better.

B. Chandler, a veteran Democrat of the Ninth Ward, positively refuses to go to the devil with his party, on a down grade, greased by Silver Republicans and Populists.

Mr. Chandler was the member of the County Central Committee from the Sixty-fifth Precinct, but he will act in that capacity no more. He was a delegate to the late convention at Santa Monica and tried to save the party organization from going plump to perdition, but the brakes wouldn't hold. He applied sand and plenty of it, but no amount of grit could counteract the fusion grease.

Committee-man Chandler did his best to save the old party, but when he saw it rushing to its doom with ever-increasing momentum, he jumped off and now washes his hands of the whole business.

Mr. Chandler resigned from the Central Committee yesterday. His reasons for doing so are succinctly stated in the following note, which needs no further comment:

"LOS ANGELES, Cal., Sept. 22, 1898. 'Dr. R. W. Hill, Chairman Democratic County Central Committee, Los Angeles, Cal.—Dear Sir: I believe that for doing so are succinctly stated in the following note, which needs no further comment:

"I feel in duty bound to resign from the Los Angeles County Democratic Central Committee, and hereby tender my resignation, not from the Democratic party, but from the Central Committee. Most respectfully, B. CHANDLER."

"Member from the Sixty-fifth Precinct."

SCORES POLICE METHODS.

Attorney Rush Discusses the Selfer Case.

The Annie Selfer case came up before Justice Morrison yesterday morning. Jud R. Rush, one of the defendant's attorneys, presented authorities to convince the court that the alleged confessions should not be admitted in evidence. During his argument he severely scored the methods used by the police to secure these alleged confessions, and cried shame for the incarceration of prisoners in jail without permission to communicate with their friends or attorneys.

"The stealing of \$300," he said, "sinks into insignificance compared with an attack on the rights of American citizens. The enormity of the crime when the Chief of Police sets aside the laws of the land and suspends the habeas corpus act is too great to be passed without being challenged by the public."

Justice Morrison overruled the motion to strike out the testimony regarding the statements used by Miss Selfer, and admitted her written statements.

Le Conte Davis moved for a dismissal of the complaint and the discharge of the prisoner on the grounds that the evidence introduced did not warrant a conviction in the higher court, and in fact did not connect the defendant with the theft. He made an able argument in support of his position, after which the ladies of the land and suspends the habeas corpus act is too great to be passed without being challenged by the public."

Ninth Ward Republicans. The Ninth Ward Republican Club was organized last night at Boyle Heights. Sixty-five members were enrolled as a starter, and fifty-four members of the Spanish-American Club were admitted to honorary membership. W. A. Woodis was elected president, Dr. G. W. Campbell vice-president, M. T. White secretary, A. W. Sanborn, treasurer, and J. G. Worsham, M. C. Neuner, L. H. Schwabe, Executive Committee. Speeches were made by Joseph Smith, candidate for County Surveyor; W. J. Varrel and others. The club will meet Friday nights in A.O.W. Hall.

Had Cowan's Watch. The Coroner's jury in the D. H. Cowan inquest yesterday afternoon returned a verdict of death from a gunshot wound inflicted by himself with suicidal intent. Belle Williams, the negress, was present, and testified that Cowan had given her nearly \$1500 within the past four months, and that she had his gold watch valued at some \$50. The Coroner told her to turn it over to the authorities, which appeared to cause her great uneasiness. She later inquired at the Police Station as to her rights in the premises.
